

LOCATION MAP
 NDT-TD-SCALE

AREA BEING REPLATTED
 THE AREA BEING REPLATTED WAS PREVIOUSLY PLATTED ON A PLAT KNOWN AS FULL LIFE CENTER SUBDIVISION, LOT 1, BLOCK 2, N.C.B. 15671, AS RECORDED IN VOL. 9542, PG. 131-133 OF THE DEED AND PLAT RECORDS OF BEXAR COUNTY, TEXAS.

NOTES:

1. THE BEARINGS FOR THIS PLAT ARE BASED ON THE NORTH AMERICAN DATUM OF 1983, FROM STATE PLANE COORDINATES ESTABLISHED FOR THE TEXAS SOUTH CENTRAL ZONE.
2. THE BASIS OF MONUMENTATION FOR THIS PLAT ARE THOSE SHOWN FOUND.
3. 1/2" IRON RODS SET AT ALL CORNERS WITH A YELLOW CAP MARKED "PAPE-DAWSON" UNLESS OTHERWISE NOTED.
4. BEARINGS SHOWN MUST BE ROTATED 0°00'00" CLOCKWISE TO MATCH N.A.D.83.
5. DIMENSIONS SHOWN ARE SURFACE AND THE COMBINED SCALED FACTOR USED IS 0.99983.
6. N.A.D.83 GRID COORDINATES DERIVED FROM PD BASE (PD04) REFERENCES TO THE PUBLISHED POSITIONS FOR TRIANGULATION STATIONS LONESTAR, 1953 (P.I.D.#AY1808) N: 13731522.2197 E: 2140520.8364 OBLATE, 1953 (P.I.D.#AY1961) N: 13731295.2612 E: 2127038.6019 AND BITTERS, 1953 (P.I.D.#AY0072) N: 13756584.2745 E: 2129377.7379
7. NO BUILDING PERMIT WILL BE ISSUED FOR THIS SITE UNTIL A STREETSCAPE PLAN HAS BEEN APPROVED IN ACCORDANCE WITH SECTION 35-512 OF THE UNIFIED DEVELOPMENT CODE.

TxDOT NOTES:

1. FOR RESIDENTIAL DEVELOPMENT DIRECTLY ADJACENT TO STATE RIGHT OF WAY, THE DEVELOPER SHALL BE RESPONSIBLE FOR ADEQUATE SET-BACK AND/OR SOUND ABATEMENT MEASURES FOR FUTURE NOISE MITIGATION.
2. OWNER/DEVELOPER IS RESPONSIBLE FOR PREVENTING ANY ADVERSE IMPACT TO THE EXISTING DRAINAGE SYSTEM WITHIN THE HIGHWAY RIGHT OF WAY.
3. MAXIMUM ACCESS POINTS TO STATE HIGHWAY FROM THIS PROPERTY WILL BE REGULATED AS DIRECTED BY "REGULATIONS FOR ACCESS DRIVEWAYS TO STATE HIGHWAYS". THIS PROPERTY IS ELIGIBLE FOR A MAXIMUM COMBINED TOTAL OF ACCESS POINTS, BASED ON THE OVERALL PLATTED HIGHWAY FRONTAGE OF 631.10'.
4. IF SIDEWALKS ARE REQUIRED BY APPROPRIATE CITY ORDINANCE, A SIDEWALK PERMIT MUST BE APPROVED BY TxDOT, PRIOR TO CONSTRUCTION WITHIN STATE RIGHT OF WAY. LOCATIONS OF SIDEWALKS WITHIN STATE RIGHT OF WAY SHALL BE AS DIRECTED BY TxDOT.

TCEQ/RECHARGE ZONE NOTE:

This subdivision is within the Edwards Recharge Zone. Development within this subdivision is subject to Chapter 34, Article VI, Division 6 of the San Antonio City Code entitled "Aquifer Recharge Zone and Watershed Protection," or latest revisions thereof.

No person shall commence the construction of any regulated activity until an Edwards Aquifer Protection Plan ("Water Pollution Abatement Plan" or "WPAP") or modification to an approved plan as required by 30 TAC 213.5 of the Texas Water Code, or latest revision thereof, has been filed with the appropriate regional TCEQ office, and the application has been approved by the executive director of the TCEQ.

- C.P.S. NOTES:**
1. The City of San Antonio as part of its electric and gas system (City Public Service Board) is hereby dedicated the easements and rights-of-way for electric and gas distribution and service facilities in the areas designated on this plat as "Electric Easement," "Gas Easement," "Anchor Easement," "Service Easement," "Overhang Easement," "Utility Easement," and "Transformer Easement" for the purpose of installing, constructing, reconstructing, maintaining, removing, inspecting, patrolling, and erecting poles, hanging or burying wires, cables, conduits, pipelines or transformers, each with its necessary appurtenances together with the right of ingress and egress over grantor's adjacent land, the right to relocate said facilities within said easement and right-of-way areas, and the right to remove from said lands all trees or parts thereof, or other obstructions which endanger or may interfere with the efficiency of said lines or appurtenances thereto. It is agreed and understood that no buildings, concrete slabs, or walls will be placed within said easement area.
 2. Any CPS monetary loss resulting from modifications required of CPS equipment, located within said easement, due to grade changes or ground elevation alterations shall be charged to the person or persons deemed responsible for said grade changes or ground elevation alteration.
 3. This plat does not amend, alter, release or otherwise affect any existing electric, gas, water, sewer, drainage, telephone, cable easements or any other easements for utilities unless the changes to such easements are described below.

NOTE: The City of San Antonio as part of its electric and gas system (City Public Service Board) is hereby dedicating the easements and right-of-way for electric and gas distribution and service facilities in the areas designated on this plat as "Electric Easement," "Gas Easement," "Anchor Easement," "Service Easement," "Overhead Easement," "Utility Easement," and "Transformer Easement" for the purpose of installing, constructing, reconstructing, maintaining, removing, inspecting, patrolling, and erecting poles, hanging or burying wires, cables, conduits, pipelines or transformers, each with its necessary appurtenances together with the right of ingress and egress over another's adjacent land, the right to relocate said facilities within said easement and right-of-way areas, and the right to remove from said lands all trees or parts thereof, or other obstructions which endanger or may interfere with the efficiency of said lines or appurtenances thereon. It is agreed and understood that no buildings, concrete slabs, or walls will be placed within said easement area.

Any CPS monetary loss resulting from modifications required of CPS equipment, located within said easement, due to grade changes or ground elevation alterations shall be charged to the person or persons deemed responsible for said grade changes or ground elevation alterations.

This plat does not amend, alter, release or otherwise affect any existing electric, gas, water, sewer, drainage, telephone, cable easements or any other easements for utilities unless the changes to such easements are described below.

WASTE WATER EDU NOTE
 THE NUMBER OF EQUIVALENT DWELLING UNITS (EDU'S) PAID FOR THIS SUBDIVISION PLAT ARE KEPT ON FILE AT THE SAN ANTONIO WATER SYSTEM UNDER THE PLAT NUMBER ISSUED BY THE PLANNING DEPARTMENT.

GENERAL NOTES:

- THIS SUBDIVISION IS WITHIN THE EDWARDS RECHARGE ZONE. TO THE EXTENT APPLICABLE, DEVELOPMENT WITHIN THIS SUBDIVISION IS SUBJECT TO CHAPTER 34, ARTICLE VI, DIVISION 6 OF THE SAN ANTONIO CITY CODE ENTITLED "AQUIFER RECHARGE ZONE AND WATERSHED PROTECTION," OR LATEST REVISIONS THEREOF.
- NO PERSON SHALL COMMENCE THE CONSTRUCTION OF ANY REGULATED ACTIVITY UNTIL AN EDWARDS AQUIFER PROTECTION PLAN ("WATER POLLUTION ABATEMENT PLAN" OR "WAP") OR MODIFICATION TO AN APPROVED PLAN AS REQUIRED BY 30 TAC 213.6 OF THE TEXAS WATER CODE OR LATEST REVISION THEREOF, HAS BEEN FILED WITH THE APPROPRIATE REGIONAL TNRC OFFICE, AND THE APPLICATION HAS BEEN APPROVED BY THE EXECUTIVE DIRECTOR OF THE REGIONAL TNRC OFFICE.
- THE P.U.D. DESIGNATION IS PLACED ON THIS PLAT SOLELY FOR THE PURPOSES OF COMPLYING WITH THE EXISTING ZONING DESIGNATION. THE ROADWAY SHALL BE A PUBLIC RIGHT OF WAY, TO BE DEDICATED TO THE CITY OF SAN ANTONIO UPON RECORDATION OF THIS PLAT.

- NOTES:**
- 1/2" IRON ROD WITH YELLOW CAP MARKED PAPE-DAWSON SET AT ALL CORNERS UNLESS OTHERWISE NOTED.
 - MONUMENTATION IS BASED ON THOSE SHOWN FOUND.
 - N.A.D. 83 GRID COORDINATES WERE DERIVED FROM LONESTAR 1953 (P.L.D.# AY1808) N:13731522.2197 E:2140520.8364
 - DIMENSIONS SHOWN ARE SURFACE AND THE SCALE FACTOR USED IS 0.999787
 - BEARINGS SHOWN MUST BE ROTATED 0.4°51" COUNTERCLOCKWISE TO MATCH N.A.D. 83.
 - BEARINGS ARE BASED ON THE EXISTING GOLD CANYON RIGHT OF WAY.

SERVICES DIVISION

The platting of property in two or more subdivision units requires the submission of a Preliminary Overall Development Plan, POADP. To be accepted for review a POADP shall comply with the provisions of ARTICLE II, Division 2 Preliminary Overall Development Plans of the San Antonio Unified Development Code and must be certified to contain the following:

Date Submitted: AUGUST 21, 1997 Name of POADP: GOLD CANYON/LOOP 1604

Owners: ELDON ROALSON/ROALSON INTERESTS Consulting Firm: PAPE-DAWSON ENGINEERS

Address: 14800 SAN PEDRO, SUITE 214 Address: 555 E. RAMSEY ROAD

SAN ANTONIO, TX 78232 SAN ANTONIO, TX 78216

Phone: 210/496-5800 Phone: 210/375-9000

Existing zoning: SOUTH 500' B-3 (ERZD) Proposed zoning: SOUTH 500' B-3 (ERZD)
REMAINING B-2 (ERZD) REMAINING B-2 (ERZD)

Texas State Plane Coordinates: X: 2,139,274 Y: 13,769,055

Site is over/within/includes: San Antonio City Limits? Yes No
Edwards Aquifer Recharge Zone: Yes No
Projected # of Phases: 5 Yes No

Land area being platted:	Lots	Acres	
Single Family (SF)	<u>-0-</u>	<u>-0-</u>	
Multi-family (MF)	<u>1</u>	<u>18.1</u>	*This property also included below for
Commercial and non-residential	<u>4</u>	<u>66</u>	commercial use.

Is there a previous POADP for this Site? Name WKM 100 ACRE TRACT No. 132

Is there a corresponding PUD for this site? Name NONE No. _____

Plats associated with this POADP or site? Name NONE No. _____

Name _____ No. _____

Name _____ No. _____

- name of the POADP and the subdivision; Gold Canyon Loop 1604
- indication of development phases on the POADP; Yes
- perimeter property lines of the POADP (in a line weight and character distinguishable from other lines); Yes
- north arrow and scale of the map; Yes
- proposed land use by location, type and acreage; Yes
- delineation of the circulation system including all collectors, arterial, and local type "B" streets; Yes
- contour lines at intervals no greater than ten (10) feet; Yes
- legal recorded ownership of adjacent properties and if known proposed development of adjacent unimproved properties; Yes
- existing adjacent or perimeter streets; Yes
- one hundred year flood plain limits; Yes
- location map indicating location and distance of the POADP to adjacent streets and at least two (2) major thoroughfares.
- a complete application and certification with six copies of the POADP map, all maps to be folded (accordion style & manageable size);
- POADP amendments or revisions must be graphically indicated and include a concise statement describing said amendment or revision on the POADP map; N/A
- TIA requirements must be met prior to acceptance of a POADP, contact Amer Galani @ (210)207-2076;
- the POADP does does not abut State Highway Department facilities and one additional copy of the POADP plan has been submitted directly to TXDOT for their review. Contact Judy Friesenhahn @ (210) 615-5814;
- The POADP is is not located over the Edwards Aquifer recharge zone and one additional copy of the POADP has been submitted directly to the Aquifer Studies office of San Antonio Water Systems, contact Kirk Nixon (210) 704-7392;

I certify that the POADP application and accompanying maps are complete and that the conditions listed on this application have been met.

Re: Community Bible Church, Unit-2
Plat No. 030072
Variance Request to Section 35-506(g)(1) for the Gold Canyon Road Extension

Dear Mr. Moncivais:

Pape-Dawson Engineers, Inc., on behalf of the owners of the referenced property, hereby request a variance to the requirement to construct a portion of Gold Canyon Road adjacent to this property. The following is our understanding of the issues related to the variance request:

- Gold Canyon Road is on the Major Thoroughfare Plan, an 86-foot right-of-way.
- In accordance with the Major Thoroughfare Plan, the Community Bible Church, Unit-2 plat dedicates an 86-foot right-of-way for the Gold Canyon Road Extension.
- The City of San Antonio Department of Public Works will require that the Community Bible Church, Unit-2 owner design and construct the portion of Gold Canyon Road adjacent to their property.
- The Community Bible Church, Unit-2 plat letter of certification from Public Works is contingent upon the design and construction or bonding of Gold Canyon Road.
- The segment of Gold Canyon Road has not been constructed from north of FM Loop 1604 to north of Mud Creek.
- If constructed, the segment of Gold Canyon Road within the limits of this plat would not tie to any existing roadway.
- To our knowledge, there are no plans for construction of a bridge across Mud Creek by either the City or a private developer.

02 DEC 27 AM 09:30
CITY OF SAN ANTONIO
DEPARTMENT OF PLANNING

Pape-Dawson requests a variance to Section 35-506(g)(1) which states, "The subdivider shall dedicate right-of-way width and provide pavement width in accordance with the following table and typical sections in subsection (d) of this Section".

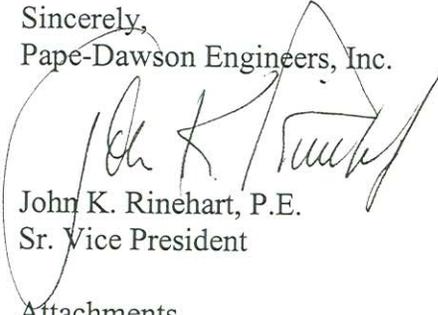

PAPE-DAWSON ENGINEERS, INC.

Mr. Emil Moncivais
Community Bible Church, Unit-2
Request for Variance
December 18, 2002
Page 2 of 2

Pape-Dawson requests that the requirement to design and construct or bond Gold Canyon Road be waived until such time that adjacent portions of the street are constructed. A similar variance request was approved for adjacent plats titled Full Life Center Subdivision (Plat No. 980395), O'Krent Subdivision (Plat No. 000157), and Community Bible Church (Plat No. 970395).

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,
Pape-Dawson Engineers, Inc.

John K. Rinehart, P.E.
Sr. Vice President

Re: Gold Canyon / Loop 1604

POADP # 132-B

Dear Mr. Rion:

The City Staff Development Review Committee has reviewed Gold Canyon/Loop 1604 Subdivision Preliminary Overall Area Development Plan # 132-B. Please find enclosed a signed copy for your files. Although your plan was accepted, please note the following:

- Based on the topography, a Flood Plain Study and drainage review will probably be required during the platting process.
- This development will probably need to conform to requirements associated with development over the Edwards Aquifer. For information about these requirements you can contact SAWS at 704-7305.
- Access and ROW issues along State facilities will need to be resolved with the Texas Department of Transportation. For information about these requirements you can contact TXDOT at 615-5814.
- This development will need to comply with tree preservation ordinance #85262. For information about these requirements you can contact Building Inspections at 207-7102.
- It will be expected that you will plat all of the property depicted in your POADP, to include: floodpains, drainage areas and open space.
- I would encourage you to work closely with the school district, so that they can plan accordingly.
- The alignment of Gold Canyon Road and Centre Park Road will need to be resolved with the adjacent property owners.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this POADP will be invalid. Platting will have to comply with the UDC.

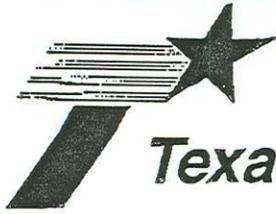

If you have any questions regarding this matter, please contact Ms. Elizabeth Carol, at 207-7900.

Sincerely,

Emil R. Moncivais AIA, AICP
Director of Planning

P.O.A.D.P. REVIEW

Gold Canyon/Loop 1604

Located on Loop 1604 at Gold Canyon

P.O.A.D.P. Reviewed for:

Comments

Noise Mitigation

For residential development directly adjacent to State ROW, the developer shall be responsible for adequate set-back and/or sound abatement.

R.O.W. Requirements

50' ROW flares will be required at the intersection of the Gold Canyon Extension and Loop 1604.

Access Limits/Restrictions

This development is eligible for a maximum combined total of ten(10) access points along the overall Loop 1604 frontage. Locations of access points will be as directed by "Regulations For Access Driveways to State Highways".

WPAP Requirements

A complete copy of the approved WPAP will be required at the time of platting. State right of way will not be utilized for the purposes of treating storm water runoff from adjacent property.

Permit applications along with plans for street, driveway, utility, sidewalk and drainage construction must be submitted to the Texas Department of Transportation for review and approval before working on highway ROW. TxDOT requires that a recorded plat accompany all driveway permit applications. The Owner/Developer is responsible for preventing any adverse impact to the existing drainage system within highway ROW.

Re: Gold Canyon/Loop 1604 POADP

Dear Mr. Moncivais:

Please accept the attached revised POADP and Traffic Impact Analysis for the property referenced above. The POADP is being resubmitted with revisions and information based upon previous Planning Department review comments (see attached Telephone Conversation Memo with Elizabeth Carol) to provide for final approval.

A response to the separate comments as listed on the attached memo are as follows:

- The proposed alignment of Gold Canyon Road has been established based upon coordination with the Community Bible Church property owners.

The alignment of Centre Park has been established based upon coordination with the adjacent property owner and a subsequent plat submitted for the 4.2 acre tract located in the southwest corner of property as shown on the POADP. A copy of the plat is attached.

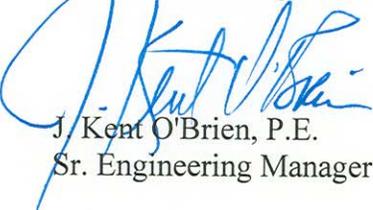

- Compliance with the CSA Tree Ordinance will occur as the different tracts within the property are developed.
- A Traffic Impact Analysis has been prepared for the property. The report is attached and is being submitted. The report was prepared based upon potential land uses under the existing zoning and incorporates potential development of the adjacent Santikos property and Community Bible Church property.
- The POADP has been revised to indicate Gold Canyon Road with 86 feet of right-of-way width for its entire length within the property.

TELEPHONE CONVERSATION MEMO

Project: Gold Canyon/Loop 1604 POADP

Date: 10/03/97

Call From: Elizabeth Carol; CSA Planning

Call To: Nat Hardy; Pape-Dawson

Re:

Elizabeth Carol of CSA Planning called and conveyed a voice mail message of review comments on the POADP for the project listed above. The comments were as listed below:

- Coordinate location of proposed road alignments with adjacent property owners
- Comply with CSA Tree Ordinance.
- Submit Traffic Impact Analysis based upon potential uses under the existing zoning.
- Resubmit the POADP showing Gold Canyon as a continuous 86-foot wide right-of-way throughout limits of property.

Re: POADP for Gold Canyon/Loop 1604
Traffic Impact Analysis

Dear Mr. Moncivais:

At the request of the owner, we are hereby requesting a variance to providing a Traffic Impact Analysis (TIA) for the referenced Preliminary Overall Area Development Plan (POADP).

The total property area is approximately 72 acres, of which six acres will eventually be dedicated for the two future streets shown on the City's Major Thoroughfare Plan. Gold Canyon (proposed variable width right-of-way) and Centre Park (proposed 86-foot right-of-way) and the adjacent Loop 1604 provide more than adequate traffic movement for the remaining property. A TIA for this property can be useful for providing traffic data, yet will be essentially meaningless as far as having an impact on the City's proposed major thoroughfare plan.

We propose to provide a Traffic Impact Analysis for the property as each portion is platted. The specific users of each tract will provide much clearer traffic data, as we can only estimate for the proposed property uses at this time.

Please contact us if there are any questions or comments regarding this request.

Sincerely,
Pape-Dawson Engineers, Inc.

RE: POADP for Gold Canyon/Loop 1604
Traffic Impact Analysis

Dear Mr. O'Brien:

The Streets and Traffic Engineering Division of the Public Works Department has considered your request of November 14, 1997 for a variance in preparing a Traffic Impact Analysis (TIA) on the referenced project. Our review of this situation finds that we cannot support your request for the variance.

The intention of such impact studies goes beyond the proximity of major thoroughfares. TIA's reveal traffic issues associated with the development and suggest ways of mitigating any adverse effects of the new development. Failure to recognize any of these elements foregoes the opportunity of discovering the factors that can produce a variable, dynamic and profitable development. Please realize that five small impact studies do not equal one large analysis.

In addition, the usefulness of a TIA is enhanced by including larger, not smaller, geographic areas. For this reason the best TIA would include the Santikos tract as well as the church tract into your scope of analysis. For your benefit, reference is made to the Institute of Transportation Engineers Publication No. PR-020B entitled: *Traffic Access and Impact Studies for Site Development*.

Should you have any questions, please call.

Andrew J. Ballard, P.E.
City Engineer
