Re: Indian Springs POADP
File # 86-17-67-46

Dear Mr. Krauss:

Thank you for meeting with the committee and for your presentation on the Indian Springs Plan. The plan is accepted as submitted and we look forward to working with you again.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision Regulations. Any platting will have to comply with the Subdivision Regulations in force at the time of platting.

If you have any questions, please contact Roy Ramos at 299-7896.

Sincerely,

A handwritten signature in cursive script that reads "M O'Neal".

Re: POADP Applications Status
Follow-up

Dear Mr. O'Neal:

Pursuant to a conversation I had with Roy Ramos Wednesday, April 6, 1988, and a conversation on, or about, March 23, 1988 by David Segovia with my secretary, Donna Doughtie, this letter is to confirm further information derived regarding the above referenced matter. David Segovia supplied us with Pape-Dawson Job Numbers on those maps which were still unidentified at the writing of our March 18, 1988 letter to you. We were able to identify the maps with our Job Numbers and obtain further status information. Listed below are the maps designated as POADP's having been applied for by Pape-Dawson and their status, to the best of our knowledge. They are broken into three categories; (a) those which are platted or partially platted, (b) those which are not platted, but are active, (c) those not platted by Pape-Dawson, whose status we do not know, but which could have been platted by another firm:

* These may have been platted by another firm. We have no knowledge of their current status. Please contact developer before deleting.

** Pace-Picante may have been platted by Vickrey and Associates.

We understand that you will retain all POADP's on which platting has occurred, and that you will also retain those known to be active. Further, on those that are "Unknown," we request that, prior to removing any POADP, you notify the Owner of the property, since in some cases, we may not be aware of the Owner's plans.

We trust this information completes the list of status information the Planning Department needed, and regret that it has taken so long and been so confusing to obtain. If you need further information or have questions, please contact me.
