RE: Revised La Canterra Subdivision POADP #237

Mr. McBeth:

The City Staff Development Review Committee has reviewed your La Canterra Subdivision Preliminary Overall Area Development Plan #237. However, your plan was not accepted for the following reasons:

1. All the proposed "50 foot ROWs" east of La Cantera Parkway need to be 60 foot ROWs (local "B" or collectors).
2. Seco Creek, Market Hill Blvd., and Chase Hill Blvd. need to be extended into your development.
3. Babcock Road needs a minimum ROW width.
4. Dedication needs to be provided along both sides of Babcock Road to bring it up to 86 feet (43 feet from centerline).
5. The proposed 50 foot ROW extending westerly needs to be a 60 foot collector (50 foot locals need to feed into 60 foot collectors, not 86 foot arterials/"Hierarchy of streets").

6. The 86 foot to a 110 foot non-exclusive access easement needs to be removed from the plan or shown as either a proposed public or private ROW.

Once you have revised your plan accordingly, you may resubmit the plan at your earliest convenience. Although not specifically required by the Unified Development Code, a cover letter explaining the modifications will facilitate expeditious review of the subsequent plan.

This review and commentary is intended to be as comprehensive as possible and in consonance with the Unified Development Code. However, we reserve the right to comment further in the best interest of the City of San Antonio on any revised plan as may be submitted in the future.

Your cooperation in this matter is appreciated. If you have any questions or comments, please contact Alex Garcia. He may be reached at (210)207-7900, M-F, 7:45AM-4:30PM.

Sincerely,

David W. Pasley, AICP

Re: La Cantera

Mr. Benson:

The City Staff Development Review Committee has reviewed your letter regarding the La Cantera Preliminary Overall Area Development Plan # 237.

Staff consensus that the acceptance of the La Cantera POADP does not impact the previous agreement that was reached between Mr. James P. McDonough Jr. and the La Cantera Development Company. The access issues should be resolved amongst the parties involved.

Please note that an approved POADP does not include an actual survey engineering dimensions or easement rights. That information will be required at the time of platting. At that point, any platting will have to comply with the Unified Development Code.

If you have any additional questions or comments regarding this matter, please contact Elizabeth Carol. She may be reached at (210) 207-7900.

Sincerely,

RE: Revised La Cantera Subdivision #237

Mr. McBeth:

The City Staff Development Review Committee has reviewed your revised La Cantera Preliminary Overall Area Development Plan #237. Please find enclosed a signed copy for your files. You may now submit individual subdivision plat units at your convenience.

Although your plan was accepted, please be advised that a non-access easement will be required along the rear and sides of lots adjacent to Babcock Road and Camp Bullis Road at the time of plat submittal. Additionally, the 60 foot ROW south of La Cantera, immediately west of I.H. 10, needs to to be properly transitioned into what appears to be a portion of 86 foot Pkwy./Blvd. at the time of plat submittal.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision regulations. Any platting will have to comply with the Unified Development Code at the time of platting.

If you have any additional questions or comments regarding this matter, please contact Alex Garcia. He may be reached at (210)207-7900, Monday through Friday, 7:45AM-4:30PM.

Sincerely,

David W. Pasley, AICP

Re: Redland Stone Properties Loop 1604/IH-10
East of IH-10

Dear Mr. Moncivais:

We have noticed on your current Preliminary Overall Area Development Plan (POADP) map that one of our clients properties is shown without shading. This would lead someone reviewing the map to think that this property does not have an approved POADP. Attached you will find Xerox copies of portions of the current map, we have also included copies of correspondence from your department and SAWS regarding this property.

We believe this is an oversight and request this be corrected immediately as there are on-going negotiations relative to development of this tract. The highlighted area shown on the Xerox copy attached should be shaded on your map to indicate that the property does have an approved POADP. We offer the following information as documentation:

1. Blueline Print of POADP No. 237 with City of San Antonio approval stamp.
2. CSA letter dated November 10, 1987 approving POADP No. 237 (Property west and east of IH-10).
3. CSA letter dated August 24, 1990 approving POADP No. 237 for changes to POADP on property west of IH-10.
4. PD letter to Scott Halty dated March 1, 1995. Category Verification Request for POADP area east of IH-10 (Redland Property).
5. SAWS letter dated March 16, 1995 verifying Category 1 status (Redland Property) for POADP area east of IH-10.
6. SAWS letter dated March 17, 1995 verifying Category 1 status for property west of IH-10 (La Cantera Property).

Re: Redland Stone East Quarry
POADP #

Dear Mr. Halty:

Attached please find a blueline print of the La Cantera POADP approved in 1987. This POADP is still valid for purposes of all the property shown on the east side of IH-10. The revisions which have been made on the La Cantera POADP all applied to property on the west side of IH-10. Please provide us with a letter verifying that the property within the project boundaries east of IH-10 will be regulated by the Unified Development Code as it existed prior to adoption of the City's new Edwards Aquifer Regulations. We believe this property is classified as a Category 1 development.

Very truly yours,

RE: Redland Stone East Quarry Preliminary Overall Development Plan(POADP) #237

Dear Mr. Cervantes:

A written request was made by your office, dated March 1, 1995, to the Aquifer Studies Division of the San Antonio Water System concerning the above referenced project. The request was for designation of the property east of IH-10 known as the Redland Stone East Quarry #237 as a Category 1 project.

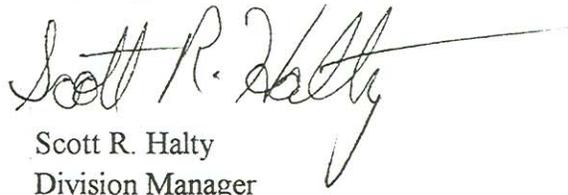

Attached to the request was a blueline copy of the signed POADP for the above referenced project.

Based on the information provided and in accordance with Chapter 34, Article VI, Division 6, Section 34-925 of the City Code the property east of IH-10 referred to as the Redland Stone East Quarry POADP #237 is classified as a Category 1 property.

Please be aware, any changes which may be proposed within the property covered by the POADP which are identified in Section 34-926 of the City Code as "substantial alterations" may cause a recategorization of the property. These types of changes, if proposed, would require a separate ruling based on the specific plans showing the changes.

If you have any questions regarding this matter, please contact me at (210)-704-7303.

Sincerely,

Scott R. Halty

RE: Revised La Cantera Subdivision, POADP File #237 for property west of I.H.-10

Dear Mr. McBeth:

A written request was made by your office, dated February 6, 1995, to the Aquifer Studies Division of the San Antonio Water System concerning the above referenced project. The request was for designation of the Revised La Cantera Subdivision, POADP File #237 for property west of I.H.-10 as a Category 1 project.

Attached to the request was a blueline copy of the La Cantera Subdivision, POADP File # 237, and a copy of a letter from the City of San Antonio Planning Department for the above referenced project.

Based on the information provided and in accordance with Chapter 34, Article VI, Division 6, Section 34-925 of the City Code the Revised La Cantera Subdivision, POADP File #237 for property west of I.H.-10 is classified as a Category 1 property.

Please be aware, any changes which may be proposed within the property covered by the POADP which are identified in Section 34-926 of the City Code as "substantial alterations" may cause a recategorization of the property. These types of changes, if proposed, would require a separate ruling based on the specific plans showing the changes.

Re: 119.204 Acre Parcel, IH-10 West ca. 1,000 Feet North of La Cantera Parkway
Request for Letter of Determination

Dear Mr. Pasley:

The parcel referenced above is depicted on a drawing accompanying this letter, the perimeter of which parcel is highlighted. It is connected to La Cantera Parkway by a 60 foot wide access easement, also highlighted, which easement was granted to James P. McDonough, Jr. (owner of the referenced parcel) by La Cantera Development Company (owner of the host parcel) and recorded in the Official Public Records of Real Property of Bexar County, Texas (Vol. 5973, Pages 1005-1037) on February 24, 1994. A plan of said easement also accompanies this letter.

On January 11, 1995, a Preliminary Overall Area Development Plan for La Cantera was accepted by the City of San Antonio Development Review Committee (Planning Department File #237). A copy of a the portion of that plan in the area of present concern also accompanies this letter.

Referring to the plan referenced in the preceding paragraph, we direct your attention to the location of the 60 foot wide right-of-way running in a generally northeasterly direction from station ca. 24+74 on La Cantera Parkway to a point on the west side access road of Interstate Highway 10 approximately 1,200 feet north of the latter's intersection with La Cantera Parkway. It will be noted that the proposed layout of said right-of-way is such that the access to La Cantera Parkway afforded along a substantial portion of the southern boundary of the referenced 119 acre parcel, access granted by La Cantera to Mr. McDonough via the easement in 1994, would be eliminated in its entirety by virtue of the layout of the right-of-way and the consequential 3.1 acres of recreational/open space intended to exist between said right-of-way and the 119 acre parcel, as proposed by La Cantera in 1995.

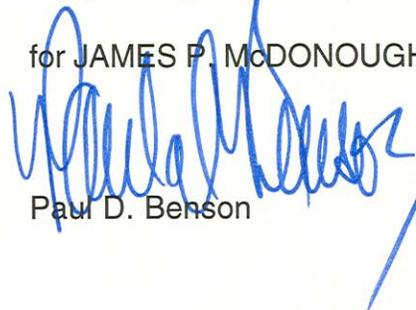

Mr. Dave Pasley
February 18, 1996
Page 2

It may be that the City may not have been aware of the existence of the prior easement, being that it is so conspicuously absent from the POADP. One purpose of this letter, therefore, is to bring this apparent dichotomy to the attention of planning authorities of the City of San Antonio, in order that the easement's existence may be taken into account when the host parcel it traverses is considered for development. The primary purpose of this letter, however, is to request a determination from the City as to what extent, if at all, the easement rights secured by Mr. McDonough may have been abrogated by virtue of the Development Review Committee's approval of the POADP.

Given the substantial economic ramifications related to lack of previously secured easement access to La Cantera Parkway from the 119 acre parcel, the earliest possible issuance of your determination letter would be much appreciated.

Respectfully submitted,

for JAMES P. McDONOUGH, JR.

Re: Easement Agreement Between La Cantera Development Company and
James P. McDonough, Jr. dated February 1, 1994

Dear Mr. Leonhard:

Subsequent to the Agreement referenced above being reached between our two entities, it has come to our attention that a Preliminary Overall Area Development Plan for La Cantera Development Company was submitted and accepted by the City of San Antonio Development Review Committee on January 11, 1995. Said POADP contains the host parcel for the Easement referenced above. A plan of the Easement subject of the Agreement and a partial plan of the POADP are attached hereunto for reference. A drawing showing the relationship between the 119 acre parcel (boundaries highlighted), the Easement (highlighted), the host parcel and La Cantera Parkway precedes the other attachments.

Particular note was taken on the POADP of the depiction of a 60 foot right-of-way running in a generally northeasterly direction from station ca. 24+74 on La Cantera Parkway to a point on the west side access road of Interstate Highway 10 approximately 1,200 feet north of the latter's intersection with La Cantera Parkway. We trust upon comparative examination of the attached documents, you will observe that not only does the layout of the POADP right-of-way conflict with that of the Easement, but also, if the POADP were valid and were to supercede the Easement, said right-of-way would constructively eliminate the intended access to the Easement along the southern boundary of the 119 acre parcel by virtue of the introduction of the 3.1 acre recreation/open space parcel.

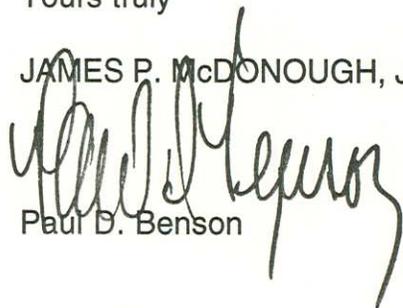

R. Douglas Leonhard

Page 2

What is not clear is whether the conflicting layout of the POADP right-of-way was an oversight when the POADP was prepared and if, in view of the information we are providing you with this writing, an amendment to the POADP will be filed by La Cantera to accommodate the existence and location of the Easement as contemplated in our Agreement. Inasmuch as you are the signatory to the Easement Agreement, we trust we are correct in directing this correspondence to you.

We await your prompt reply.

Yours truly

JAMES P. McDONOUGH, JR.

Re: La Cantera

Mr. Benson:

The City Staff Development Review Committee has reviewed your letter regarding the La Cantera Preliminary Overall Area Development Plan # 237.

Staff consensus that the acceptance of the La Cantera POADP does not impact the previous agreement that was reached between Mr. James P. McDonough Jr. and the La Cantera Development Company. The access issues should be resolved amongst the parties involved.

Please note that an approved POADP does not include an actual survey engineering dimensions or easement rights. That information will be required at the time of platting. At that point, any platting will have to comply with the Unified Development Code at the time of plat submittal.

If you have any additional questions or comments regarding this matter, please contact Elizabeth Carol. She may be reached at (210) 207-7900.

Sincerely,

David W. Pasley, AICP

Re: 119.204 Acre Parcel, IH-10 West ca. 1,000 Feet North of La Cantera Parkway
Request for Letter of Determination

Dear Mr. Hardcastle:

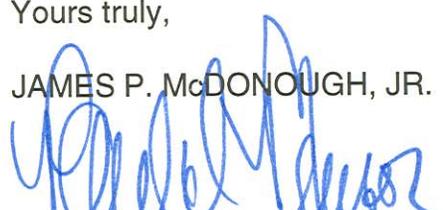

On February 16, 1996, the undersigned visited you regarding the above, at which time you suggested a written enquiry directed to Mr. Pasley would be appropriate. A copy of that enquiry accompanies this writing, which copy explains the essence of our concern.

Inasmuch as we have received no response to date, we write to you now to ask that we be apprised of the status of the requested letter of determination, and if a response may soon be forthcoming.

Thank you in advance for any assistance you can render.

Yours truly,

JAMES P. McDONOUGH, JR.
