RE: Blanco Business Park POADP
File #249

Dear Mr. Via:

This is to inform you that the Development Review Committee has reviewed and accepted your plan of Blanco Business Park. Although the plan reflects an 86' thoroughfare, this does not obligate the city to revise its Major Thoroughfare Plan or to require the adjacent property owners to dedicate an 86' right-of-way for the street extension.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision Regulations. Any platting will have to comply with the Subdivision Regulations in force at the time of platting.

If you have any questions, please contact Roy Ramos at 299-7896.

Sincerely,

A handwritten signature in cursive script that reads "M C O'Neal".

REAL ESTATE DIVISION

Mr. Oscar Serrano
Real Estate Division
City of San Antonio
114 West Commerce
Bx 839966
San Antonio, TX 78283-3966

Dear Mr. Serrano:

Pursuant to our telephone conversation on April 12th, I am providing details on the land our group of eight West Blanco property owners is willing to donate to the City of San Antonio for future use as a city street.

The total size of the parcel of land which would be involved in this transaction is 50' by 2229.89' or 2.56 acres. Most of this land is encompassed by an ingress and egress easement of 30'x 2229.89' which encompasses 1.536 acres and was executed and recorded in May 1981. A copy of this easement is attached. It is recorded in Vol. 6295, Page 211. All of the land included in this easement is owned by the above mentioned property owners, whose names and addresses are attached, as an exhibit, to this letter. There is also a CPS easement along the same route detailed in Vol. 1597, Page 587. (All of these easements as well as a recent one granted to the San Antonio Environmental Management Department for a sewer will be included in the land we would be donating to the City.)

The overall picture of the land to be donated is detailed on the attached map. This map shows all parcels of land involved and the approximate amount of land each property owner will donate to the City to assure a 50 foot R.O.W. for the City for the entire 2229.89 feet.

It should be noted that a 50 foot easement exists at present for 1250 feet up to the parcel owned by Roger T. White, Sr. This land would be donated by Mission Inv. and Monroe Frerich. From this point on for the remaining 979.89 feet, the easement is only 30 feet wide. In order to give the City of San Antonio enough land for a future street, S.A.S.A. has agreed to donate 20 feet on the north side of the existing easement where the future sewer and our existing water well are located.

To facilitate the transition Roger T. White Sr. and S.A.S.A. would donate equal triangular parcels 160 feet by 20 feet to accommodate the transition to the north. The reason for the transition to the north is because an existing building has been built up to the passage easement on the Franks' parcel and a 15 foot fill comes out to the passage easement on the L.T. White property. Also the sewer line will pass to the north of the passage easement at the R.T. White parcel. S.A.S.A. already owns the easement in front of the L.T. White parcel and Doug Frank is willing to donate the 30 foot easement in front of his parcel. Both R.T. White Jr. and Clarice Fulfer own their portion of the easement in front of their parcels and are willing to donate them as well. S.A.S.A. owns the easement in front of the R.T. White parcel at present and I would donate the additional triangular

portion from my parcel to facilitate the transition as previously mentioned to match the donation of S.A.S.A.

The only restrictions which would be placed on these donations are the following:

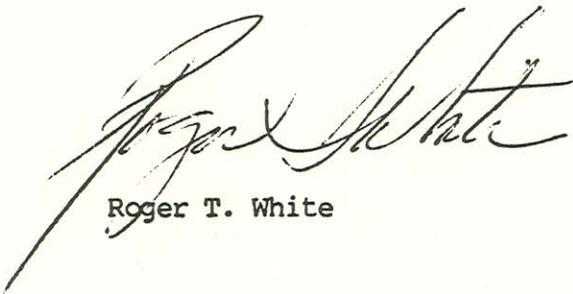

1. All conditions of the present easements are to remain in force.
2. The existing water well, water system, and distribution pipes now in place on the easement will be permitted to remain in service and be maintained by the adjacent property owners until such time as water service is provided by the City Water Board. We have applied for service from the C.W.B. but no action has been taken to this date.
3. The transfer of ownership to the City of San Antonio must be made in one simultaneous transaction involving all parcels and property owners at the same time.

The only parcel for which we cannot establish ownership is the Elbel portion of 551.14 feet or .633 acres. It does not appear to belong to any of the adjacent property owners according to the plats we have in our possession. It may belong to S.A.S.A. since all the Swinney land (former owner) was transferred to them but it should not have any bearing on the donations of the other landowners. Excluding this parcel, the total land which would be donated in this simultaneous cooperative transaction would be 2.559 - .633 = 1.926 acres. The distribution of these donations would be as follows:

Mission Investments	.522
Frerich	.280
White Prop.	.092
Fulfer	.110
Franks	.305
S.A.S.A. - in Easement	.204
S.A.S.A. - North of Easement	.413
	1.926 acres

This covers our proposed gift of land to the City of San Antonio in some detail. A copy of this letter with exhibits is being given to each principal involved. Plats of each parcel can be provided upon request. Please call me at 344-5630 concerning any questions.

Sincerely,

Roger T. White

Re: Dedication of West Blanco
Property to the City of
San Antonio.

Dear Nelson:

There still seems to be some misunderstanding regarding the dedication of the above property. In my talks with the related City officials, including Mr. Oscar Serrano, it was very clearly stated that we are dedicating PROPERTY to the City for future use as a street. We are not dedicating a STREET to the City. The reason for this is because the present pavement is not up to City standards.

We have also made it clear we do not expect, nor are we asking for, City maintenance on West Blanco. We will be glad to sign an agreement to this effect with the City to release them from any maintenance until the pavement is brought up to City standards and is accepted by them.

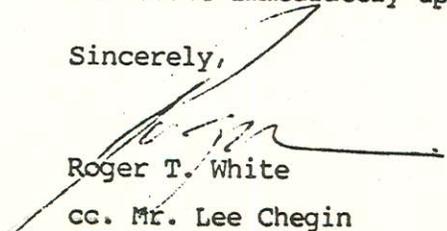

The reason for this request is to make sure that there is enough land available to the City for a future street. In this way a full 50 foot strip will belong to the City and there is no chance of problems arising when any of the present owners sell adjacent lots. SASA is dedicating a 20 foot strip on their side of the street to insure the 50 foot width. A City sewer is presently being installed on this strip.

Since we are negotiating with the City Water Board for water service as well, it was requested by Mr. Lee Chegin of the City Water Board that this property should be City owned to insure the water mains are on City land.

Other details of our request are in our letter of April 16, 1989, to Mr. Oscar Serrano. However, our request seemed to be held up by his superior, Mr. Richard Mendoza.

I would like to request again that you write Mr. Mendoza, with a copy to me, and activate our request. Mr. Lee Chegin is doing the same. We already have bids on the survey requirements, which we will pay for, and can start immediately upon receipt of City approval of this plan.

Sincerely,

Roger T. White

EASEMENT

STATE OF TEXAS §
COUNTY OF BEXAR §

KNOW ALL MEN BY THESE PRESENTS:

THAT I, WILLIAM A. SWINNEY, of Bexar County, Texas, for and in consideration of the sum of TEN AND NO/100 DOLLARS to me in hand paid by the Grantees hereinafter named, the receipt of which is hereby acknowledged, have GRANTED, and by these presents to GRANT unto F. D. FRANKS and CLARICE F. FILFER, their heirs, executors, administrators, successors and assigns, an irrevocable and perpetual non-exclusive ingress and egress easement, over, upon and across the following described property, to-wit:

A 30 foot ingress and egress easement out of a 12.731 acre tract out of Frelon De La Garza Survey No. 5, and the W.D. Burnett Survey No. 81 3/4 and the Lower Pinto Irrigation Company Survey No. 4, in Bexar County, Texas, said easement being more particularly described as follows:

BEGINNING at a point for the northeast corner of said 12.731 acre tract for the Northeast corner of this tract, and the west line of Blanco Road;

THENCE N. 83° 00' 00" W. 2229.89 feet to a point for the Northwest corner of this tract;

THENCE S. 07° 00' 00" W. 30.00 feet to a point for the Southwest corner of this tract;

THENCE S. 83° 00' 00" E. 2229.89 feet to a point for the Southeast corner of this tract;

THENCE N. 07° 00' 00" E. 30.00 feet along the west line of Blanco Road to the POINT OF BEGINNING, and containing 1.536 acres.

TO HAVE AND TO HOLD the above described easement, together with the appurtenances thereunto, unto the said Grantees herein their heirs, executors, administrators, successors and assigns forever.

EXECUTED this the 15th day of May, A.D., 1981.
