RE: Indian Springs Ranch

Dear Mr. Sealy:

As requested by your letter of April 18, 1989, the Planning and Public Works staff, to include drainage engineering, street engineering and traffic engineering, informally reviewed the development plan you submitted for the north portion of Indian Springs Ranch. We recommend that the streets be constructed to City standards with curbs and full right-of-way. We would support, within limitations, variances to the pavement width and street grades.

Please note that this is a recommendation by staff and that the Planning Commission has final authority on plats. The Commission may favorably consider a request to construct the streets to Bexar County standards. Additionally, this letter does not confer any vested rights; future development will have to comply with the requirements of the Unified Development Code in force at the time of platting.

If you have any questions regarding this matter, please call Mr. Edward Guzman at 299-7900.

Sincerely,

Michael C. O'Neal, AICP
Planning Administrator

RE: San Antonio Joint Participation Plan

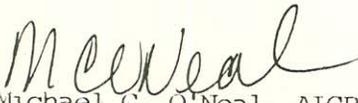

Dear Mr. Krauss:

The POADP Committee has reviewed and accepted the planned thoroughfares shown on your plan.

Staff, however, is currently reviewing alternatives to changes to the Major Thoroughfare Plan which could affect the alignment as shown on your plan. There is a possibility of extending Wilderness Oak in an easterly direction across Cibolo Creek into Comal County. Mr. Jesus Garza of our Transportation Division will be glad to discuss any changes to the Thoroughfare Plan with you. He may be contacted at 299-7950.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision Regulations. Any platting will have to comply with the Subdivision Regulations in force at the time of platting.

Sincerely,

Michael C. O'Neal, AICP
Planning Administrator

Re: Indian Springs Ranch

Dear Mr. O'Neal:

As per our conversation this morning, I am requesting that your staff informally review the development plan submitted. Specifically, we request that you informally address the issue of whether a "country" type subdivision would be feasible for the northern half of Indian Springs Ranch. This "country" type subdivision would include: county spec roads, City water, and individual septic tanks. Lot sizing would range from a 1.5 acre average to over a 5 acre average depending on terrain.

Thank you for your assistance and quick response in this matter. If your staff has any questions or if I may be of assistance, please call at 227-6229.

Sincerely,

John W. Sealy

Re: POADP Applications Status
Follow-up

Dear Mr. O'Neal:

Pursuant to a conversation I had with Roy Ramos Wednesday, April 6, 1988, and a conversation on, or about, March 23, 1988 by David Segovia with my secretary, Donna Doughtie, this letter is to confirm further information derived regarding the above referenced matter. David Segovia supplied us with Pape-Dawson Job Numbers on those maps which were still unidentified at the writing of our March 18, 1988 letter to you. We were able to identify the maps with our Job Numbers and obtain further status information. Listed below are the maps designated as POADP's having been applied for by Pape-Dawson and their status, to the best of our knowledge. They are broken into three categories; (a) those which are platted or partially platted, (b) those which are not platted, but are active, (c) those not platted by Pape-Dawson, whose status we do not know, but which could have been platted by another firm:

PLATTED OR PARTIALLY PLATTED

<u>MAP NUMBER</u>	<u>DESCRIPTION</u>
94	Embassy North
115	Sterling Oak
173	Metropolitan Business Park
110	Westover Hills
127	Interchange Park

City of San Antonio
Re: POADP Applications Status
April 8, 1988
Page 3 of 3

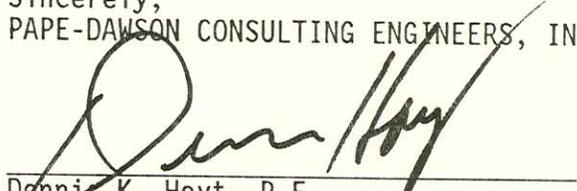

* These may have been platted by another firm. We have no knowledge of their current status. Please contact developer before deleting.

** Pace-Picante may have been platted by Vickrey and Associates.

We understand that you will retain all POADP's on which platting has occurred, and that you will also retain those known to be active. Further, on those that are "Unknown," we request that, prior to removing any POADP, you notify the Owner of the property, since in some cases, we may not be aware of the Owner's plans.

We trust this information completes the list of status information the Planning Department needed, and regret that it has taken so long and been so confusing to obtain. If you need further information or have questions, please contact me.

Sincerely,
