Re: Laredo Springs (Amending)

POADP # 427-F

Dear Mr. Chua:

The City Staff Development Review Committee has reviewed : Laredo Springs (Amending) Preliminary Overall Area Development Plan # 427-F. Please find enclosed a signed copy for your files. Your plan was accepted, however please note the following:

- In consideration of public safety and convenience, excessive grades by reason of topography should be avoided in street layouts and arrangements.
- Access and R.O.W. issues along state facilities will need to be resolved with the Texas Department of Transportation (TXDOT). For information about these requirements you can contact TXDOT at 615-5814.
- This development will need to comply with tree preservation ordinance #85262. For information about these requirements you can contact Building Inspections at 207-7102.
- It will be expected that you will plat all of the property depicted in your POADP, to include: floodplains, drainage areas and open space.
- I would encourage you to work closely with the school district, so that they can plan accordingly.

Mr. Chua
Page 2
July 18, 2001

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this POADP will be invalid.

All Platting will have to comply with the Unified Development Code, Master Plan and Major Thoroughfare Plan for the city of San Antonio.

If you have any questions regarding this matter, please contact Mr. Michael O. Herrera, at (210) 207-7873.

Sincerely,

Emil R. Moncivais AIA, AICP
Director, Planning Department

EM/MH. Jr.

947 PHT	968 PHT	21 PHT

A traffic impact analysis is required. The consultant preparing the study must meet with City staff to discuss the scope and requirements of the study before beginning the study.
 A traffic impact analysis is not required. The traffic generated by the proposed development does not exceed the threshold requirements.
 The traffic impact analysis has been waived for the following reason(s):
CHANGES TO THIS POADP DO NOT JUSTIFY RE-DOING TIA #99TIA0319

Re: Amendment of Laredo Springs POADP #427-E

Dear Mike:

We are resubmitting six (6) copies of the amendment plan for the above referenced project per the review comments that were discussed during our telephone conversation on April 24, 2001. The comments are summarized as follows:

RECEIVED
01 MAY 16 PM 3:29
DEPT. OF PLANNING
LAND DEVELOPMENT
SERVICES DIVISION

1. Zoning – Location Map is missing
A location map is now shown at the upper right corner of the plan
2. Major Thoroughfare – show right-of-way width on collector and secondary street and U.S. 281
All major right-of-ways including U.S. 281 are labeled with corresponding right-of-way width.
3. Traffic Division – need TIA update
A TIA update study and a Threshold Worksheet have been submitted to Todd Sang (I also met with him a week ago about this concern.)

We also labeled all properties and land development surrounding the subject property. We have included recorded information of all known platted neighborhoods.

We believe that all comments that were discussed are addressed here. Please do not hesitate to call if you need additional information.

Sincerely,
Pape-Dawson Engineers, Inc.

Re: Laredo Springs - Amendment of POADP #427-E

Dear Mike:

Please consider this letter as a request for a plan amendment to the Preliminary Overall Area Development Plan No. 427-E for Laredo Springs, per Section 35-2077 of the Unified Development Code. We are revising the POADP for the following reasons:

1. Upgrade the street and lot layout of Unit II through Unit VIII.
2. Relocate the Recreation Center area
3. Increase the commercial area along the south right-of-way of the proposed Wilderness Oaks.
4. Relocate the third entrance road farther west.
5. Provide topographic lines that were omitted on the previous plan.
6. Update the plan with recording information for all property within and adjoining the limits of the overall development plan.

We believe that these changes will improve and ensure adequate traffic circulation within the property. It also maintains the comprehensiveness of the previously approved master land planning of the area. Additionally, the developer intended to maximize utilization of the area abutting the proposed Wilderness Oaks Drive appropriately as a commercial use.

We request your consideration and approval of this amendment. This submittal is supplemented with the following plans and information:

- 6 (six) prints of Amended POADP plans
- 1 (one) reduced copy of POADP (8½" x 11")
- 1 (one) revised POADP Application Form
- 1 (one) copy of the previously approved POADP #427-E
- 1 (one) check for the Review Fee (Amendment) in the amount of \$257.50

Please don't hesitate to call if you need additional information.

Sincerely,
Pape-Dawson Engineers, Inc.

Alfonso Chua, P.E.
Project Manager
