Re: Interchange Park

POADP # 583

Dear Mr. Hanan:

The City Staff Development Review Committee has reviewed Interchange Park Subdivision Preliminary Overall Area Development Plan # 583. Please find enclosed a signed copy for your files. Although your plan was accepted, please note the following:

- Access and R.O.W. issues along State facilities will need to be resolved with the Texas Department of Transportation (TXDOT). For additional information about these requirements you can contact TXDOT at 615-5814.
- Based on the topography, a Flood Plain Study and drainage review will probably be required during the platting process.
- This development will need to comply with tree preservation ordinance #85262. For additional information about these requirements you can contact Building Inspections at 207-7102.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this POADP will be invalid. Platting will have to comply with the UDC.

If you have any questions or comments regarding this matter, please contact Ms. Elizabeth Carol, at (210) 207-7900.

Sincerely,
