

CITY OF SAN ANTONIO

PLANNING & DEVELOPMENT SERVICES DEPARTMENT

TO: UDC Users

SUBJECT: **INFORMATION BULLETIN**
Rule Interpretation Decisions (“RIDs”)

DATE: February 13, 2009

The Unified Development Code section of the Department has reviewed all previously issued Rule Interpretation Decisions (“RIDs”) and determined that RIDs numbered 1 through 75 have either been incorporated into the UDC or were rescinded prior to March 15, 2007 as previously indicated on the UDC webpage at <http://www.sanantonio.gov/dsd/udc.asp>.

Please be aware that the RIDs are automatically included as UDC amendments in the UDC biennial update program. In some cases the amendment language was updated through the public involvement process of the Technical Advisory Committee, Planning Commission, Zoning Commission and City Council. Staff recognizes that the amendments to the UDC adopted by ordinance supersede previously issued RIDs.

As of the date of this Information Bulletin the only RIDs in effect are those starting with number 76 and higher. All RIDs currently in effect will be posted on the UDC webpage until such time as they are adopted in the UDC by ordinance.

For more information please contact Andrew Spurgin at 210-207-8229; andrew.spurgin@sanantonio.gov.
