Board Responsibilities

The predominate role of the Board of Adjustment is to consider requests for variances from the Unified Development Code; however, there are instances when a request from other sections of the City code may be considered. Additionally, the Board may consider request for Special Exceptions from City Code and may hear appeals of Administrative decisions.

Meeting Schedule

The Board meets every first and third Monday of the month (with some exceptions) in the Board Room of the Cliff Morton Development and Business Services Center, which is located at 1901 South Alamo Street in San Antonio, Texas. The meetings begin at 1:00 p.m., with the possibility of a work session (prior notice of a scheduled work session will be posted on the Department's website). All meetings are open to the public.
