

## Manufactured Home Installation Permit Application In Established Park

Name of Manufactured Home Park: \_\_\_\_\_

Address of Park: \_\_\_\_\_ Lot #: \_\_\_\_\_

San Antonio, Texas \_\_\_\_\_

Park Manager:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

Park Owner:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

This approved application will result in a manufactured home installation permit for installation in an established manufactured home park. As part of this permit, the home will require a foundation and final inspection before utility release. *Foundation inspection must be conducted by a licensed engineer and a stamped foundation letter is required to pass the required foundation inspection.*

The following trade permits are also required for manufactured home installation. All listed permits must be obtained by a licensed trade contractor.

- Electrical
- Plumbing
- Mechanical (HVAC) (if applicable)
- Sewer
- Gas (if applicable)

Inspections for each trade permit are required prior to utility release to homeowner.

I hereby certify that the above information is true and correct and that I will comply with all applicable requirements of the Unified Development Code.
