RE: Rights Determination File: # 07-09-053R Correction (The Heights at Stone Oak Pod G U-2 & 4)

Dear Mr. Griffin:

Per your letter dated April 5, 2011 requesting a correction in the recognized number of units due to an error on the submitted Rights Determination Application for RD 07-09-053R; the Development Services Department has evaluated the error and has corrected the inconsistency as follows:

The Rights Determination Application No. 07-09-053R and the supporting documents were evaluated and is approved. Statutory rights are recognized as of April 19, 1993 for 81 single-family residential units located on 19.11 acres as identified within POADP 358.

All appeals and resubmitted information must be in writing and filed with the Director of Development Services within fifteen (15) calendar days from the date the applicant is notified of the adverse decision or action taken under these requirements. Appeals and re-submittals made after fifteen (15) calendar days will not be accepted. If you have further questions please contact Melissa Ramirez, Senior Management Analyst at 207-7038.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Nelson".

RE: Rights Determination File: # 07-09-053R (The Heights at Stone Oak Pod G U-2 & 4)  
Resubmittal

Dear Mr. Christensen:

We have reviewed your rights determination that was resubmitted on December 12, 2007. Based on the information provided by the applicant the following is our official finding:

We approve statutory rights effective April 19, 1993 for 78 units of single-family residential development on 19.11 acres consistent with POADP 358.

All appeals and resubmittals must be filed with the Director of Development Services within fifteen (15) calendar days from the date the applicant is notified of the adverse decision or action taken under these requirements. Appeals and resubmittals made after fifteen (15) calendar days will not be accepted. If you have any further questions please contact Melissa Ramirez at 207-7038.

Sincerely,

A handwritten signature in cursive script, appearing to read "F. De León".

Re: Clarification of Vested Rights Acknowledgement No. 07-09-053R (The Heights at Stone Oak Pod G Units 2 &4)

Dear Ms. Ramirez:

On September 28, 2007 our office submitted a vested rights application and Fair Notice form for the property described above. On February 5, 2008, the City of San Antonio ("COSA") issued an acknowledgement of rights "effective April 19, 1993 for 78 units of single-family residential development on 19.11 acres consistent with POADP 358" (*see Exhibit "1"*). This acknowledgement was partially based on a Fair Notice form submitted by our office which incorrectly listed the number of units for the Project as 78 (*see Exhibit "2"*). As shown by the plat for the property described above, which was submitted with the Fair Notice form and vested rights application in 2007, the Project actually consists of 81 units (the plat is included with Exhibit "2" as originally attached to the vested rights application and Fair Notice form. A more-readable version of the plat is attached to this correspondence as **Exhibit "3"**). Therefore, we respectfully request that the vested rights acknowledgement be amended to state that rights are acknowledged effective April 19, 1993 for 81 units of single-family residential. Included with this correspondence is a corrected Fair Notice form for your records (*see Exhibit "4"*).

Please do not hesitate to contact our office should you have any questions or need any additional information.

Thank you,

BROWN & ORTIZ, P.C.

Re: Clarification of Vested Rights Acknowledgement No. 07-09-053R (The Heights at Stone Oak Pod G Units 2 &4)

Dear Ms. Ramirez:

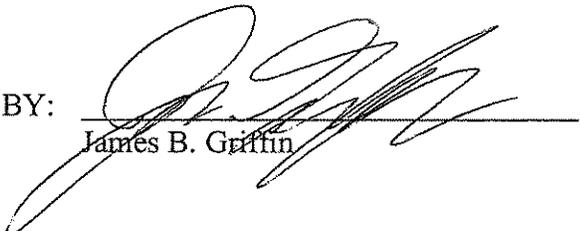

On September 28, 2007 our office submitted a vested rights application and Fair Notice form for the property described above. On February 5, 2008, the City of San Antonio ("COSA") issued an acknowledgement of rights "effective April 19, 1993 for 78 units of single-family residential development on 19.11 acres consistent with POADP 358" (see **Exhibit "1"**). This acknowledgement was partially based on a Fair Notice form submitted by our office which incorrectly listed the number of units for the Project as 78 (see **Exhibit "2"**). As shown by the plat for the property described above, which was submitted with the Fair Notice form and vested rights application in 2007, the Project actually consists of 81 units (the plat is included with Exhibit "2" as originally attached to the vested rights application and Fair Notice form. A more-readable version of the plat is attached to this correspondence as **Exhibit "3"**). Therefore, we respectfully request that the vested rights acknowledgement be amended to state that rights are acknowledged effective April 19, 1993 for 81 units of single-family residential. Included with this correspondence is a corrected Fair Notice form for your records (see **Exhibit "4"**).

Please do not hesitate to contact our office should you have any questions or need any additional information.

Thank you,

BROWN & ORTIZ, P.C.

RE: Rights Determination File: # 07-09-053R (The Heights at Stone Oak Pod G U-2 & 4)  
Resubmittal

Dear Mr. Christensen:

We have reviewed your rights determination that was resubmitted on December 12, 2007. Based on the information provided by the applicant the following is our official finding:

We approve statutory rights effective April 19, 1993 for 78 units of single-family residential development on 19.11 acres consistent with POADP 358.

All appeals and resubmittals must be filed with the Director of Development Services within fifteen (15) calendar days from the date the applicant is notified of the adverse decision or action taken under these requirements. Appeals and resubmittals made after fifteen (15) calendar days will not be accepted. If you have any further questions please contact Melissa Ramirez at 207-7038.

Sincerely,

Fernando J. De León, P.E.

RE: Rights Determination File: # 07-09-053R (The Heights at Stone Oak Pod G U-2 & 4)  
Resubmittal

Dear Mr. Christensen:

We have reviewed your rights determination that was resubmitted on December 12, 2007. Based on the information provided by the applicant the following is our official finding:

We approve statutory rights effective April 19, 1993 for 78 units of single-family residential development on 19.11 acres consistent with POADP 358.

All appeals and resubmittals must be filed with the Director of Development Services within fifteen (15) calendar days from the date the applicant is notified of the adverse decision or action taken under these requirements. Appeals and resubmittals made after fifteen (15) calendar days will not be accepted. If you have any further questions please contact Melissa Ramirez at 207-7038.

Sincerely,

Fernando J. De León, P.E.  
Assistant Director Development Services Department  
Land Development Division

Re: Vested Rights Application No. 07-09-053; Our File No. 9118.003

Dear Ms. Ramirez:

A Vested Rights Application for the above-referenced property was filed with the City of San Antonio's ("COSA") Development Services Department on October 1, 2007. Pursuant to the provisions of the COSA Unified Development Code §35-712 (b) (2), this Firm requests an extension of time for COSA staff to reach a decision on the above referenced application.

Please do not hesitate to contact me should you have any questions regarding this matter.

Sincerely,

BROWN, P.C.

Re: Vested Rights for a 19.11-Acre Tract of Land Located Southeast of the Intersection of Heights Boulevard and Enchanted Way, More Formally Described as New City Block 19216, Lots 15 -24, Lots 26 - 34, Lots 44 - 71, & Lots 48 - 81, Block 30, San Antonio, Bexar County, Texas (the "Subject Property"; see Exhibit "1"); Our File No. 9118.003

LRP # 07 - 09 - 053

Dear Ms. Ramirez and Mr. Hart:

Attached please find a Vested Rights Application for the above-referenced property (see Exhibit "2"). This request is made pursuant to the current provisions of Chapter 245 ("Issuance of Local Permits") of the Texas Local Government Code (the "Code") and the City of San Antonio's (the "COSA") Unified Development Code (the "UDC"), Chapter 35, Article 7, Division 2 ("Vested Rights").

To provide for the development of the Subject Property, the developer filed a Preliminary Overall Area Development Plan with COSA, POADP #358 ("Heights at Stone Oak II, POADP #358; see Exhibit "3"), which was approved by COSA on May 5, 1993. The Subject Property is wholly included within the Heights at Stone Oak II POADP #358 and the development authorized therein is shown as parcel "K" for "Single Family" development (the "Project"). The

Heights at Stone Oak II POADP #358 was subsequently amended by the POADP #358-B approved by COSA on May 30, 1997 ("Heights at Stone Oak II, POADP #358-B"; *see* Exhibit "4"). The Subject Property is also shown as Single Family Residential in the Heights at Stone Oak II, POADP #358-B and is included within parcel "IK". The final amendment to the POADP was the Heights at Stone Oak II, POADP #358-C approved by COSA on April 27, 1998 ("Heights at Stone Oak II, POADP #358-C"; *see* Exhibit "5"). The Subject Property is also shown as Single Family Residential in the Heights at Stone Oak II, POADP #358-C and is included within pod "G". The Heights at Stone Oak II, POADP #358 is a required "permit" by a regulatory agency (COSA) and clearly qualifies as the first "permit" in a series of permits necessary for the development of the commercial Project on the Subject Property as those terms are contemplated by Chapter 245 of the Code. The Subject Property is also currently zoned "R-6 ERZD", which expressly permits a single family land use on the Subject Property (*see* Exhibit "6").

The Project is not "dormant," as defined by Section 245.005 of the Local Government Code and Section 35-714 of the UDC, because progress toward its completion is evidenced by the filing, approval and recording of the following Plats pursuant to the Laredo Encino Development POADP #358:

- i) Plat No. 010161, The Heights at Stone Oak II Unit 13, Filed 1/22/2001, Approved 10/24/2001, and Recorded 5/31/2002 (*see* Exhibit "7");
- ii) Plat No.010328, Heights at Stone Oak II Unit 14, Filed 4/23/2001, Approved 1/9/2002, and Recorded 7/30/2004 (*see* Exhibit "8");
- iii) Plat No.010500, Heights at Stone Oak II PUD, POD G, Unit 1, Filed 7/18/2001, Approved 6/12/2002, and Recorded 6/28/2002 (*see* Exhibit "9"); and,
- iv) Plat No.020013, Heights at Stone Oak II PUD, Unit 1, Filed 10/8/2001, Approved 6/12/2002, and Recorded 6/14/2002 (*see* Exhibit "10").

The above Plats clearly qualify as "permits" and because they were applied for, approved and recorded between the first anniversary of the effective date of Chapter 245 of the Texas Local Government Code (May 11, 2000) and the fifth anniversary of the effective date of such Chapter (May 11, 2004), the Project has demonstrated "progress" according to the City Attorney's interpretation of the "dormancy" provisions of the state law.

In conclusion, the Heights at Stone Oak II POADP #358 constitutes a "permit" as defined by Chapter 245 of the Texas Local Government Code, and was a necessary first step in the development of the Subject Property. Furthermore, the Subject Property has not become dormant by virtue of the filing of Plat Nos. 010161, 010328, 010500, and 020013 which were subsequently approved and recorded. The "project" was specifically described as a single family use on 19.11 acres in Heights at Stone Oak II POADP #358, approved by COSA on May 5, 1993. Therefore, this Firm requests that COSA acknowledge that the 19.11-Acre Subject Property is vested as of May 5, 1993 for a single family development by virtue of the POADP, and the Plats listed herein.

**MRP # 07 - 09 - 053**

Included with this correspondence, please find the enclosed check for \$500.00 to cover the costs of processing this application and duplicate copies of the following:

1. Subject Property Exhibit Plat Nos. 060806 & 060805;
2. Vested Rights Permit Application;
3. Heights at Stone Oak II POADP #358;
4. Heights at Stone Oak II POADP #358-B;
5. Heights at Stone Oak II POADP #358-C;
6. COSA Zoning Exhibit;
7. Plat No. 010161, The Heights at Stone Oak II Unit 13;
8. Plat No.010328, The Heights at Stone Oak II Unit 14;
9. Plat No.010500, The Heights at Stone Oak II PUD, POD G, Unit 1; and,
10. Plat No.020013, Heights at Stone Oak II PUD, Unit 1.

Very truly yours,

BROWN, P.C.

**Rights Determination/Consent Agreement**  
**Completeness Review**

*Note: All Applications must comply with the Unified Development Code (UDC), §35-B128 Vested Rights Determination for the City of San Antonio.*

An Application for a Rights Determination shall contain at least the following information:

1. Appropriate filing fee:

- \$160 homestead property (1 lot up to 3 acres)
- \$500 single family residential (greater than 1 lot or 3 acres)
- \$500 commercial

RD # 07 - 09 - 053

2. Completed application form and 2 sets of all documentation:

- Name and address of Applicant;
- Project description and name of subdivision or development, if applicable;
- A legal description of the property;
- Description of current use;
- Project description including total land area, impervious cover, number of dwelling units by type, non-residential square footage; and phases of the development;
- Complete permit history and expenditures or obligations incurred in reliance on such permits. Include verified or certified copies of all development permits, contracts, appraisals, reports, correspondence, letters, or other documents or materials upon which the Applicant's claim for vested rights or equitable estoppel is based;
- Date for claim of rights based on permit history;
- Description of construction or related actions that have taken place on the property since the date for which rights are claimed;
- A Sworn Statement, in a form prescribed by the City, and signed by the Applicant; and

3. Fair Notice Form including the items specified by §35-B132

In addition to the required processing as set forth above, an Application for Consent Agreement Approval shall include, but shall not be limited to the following:

- A timing and phasing plan for the proposed development;
- A plan for the provision of public facilities and services to the proposed development, by phase;
- The conditions under which the proposed development will be authorized to proceed; and
- The conditions under which approvals or permits will lapse or may be revoked.

A document shall be considered "verified" or "certified", whether an original or a copy, if it is signed by the official with decision making authority for the permit application.

Re: Vested Rights Application No. 07-05-053; Our File No. 9118.003

Dear Ms. Ramirez:

A Vested Rights Application for the above-referenced property was filed with the City of San Antonio's ("COSA") Development Services Department on October 4, 2007. During staff review of the application, documentation was requested confirming that the terms of the vesting document, the Stone Oak II Sewer Contract, were fulfilled by the developer to the satisfaction of the San Antonio Water System ("SAWS"). Please see the attached correspondence and exhibit from SAWS showing that the developer constructed mains and outfalls to serve the entire Sewer Contract area which were accepted by SAWS in full compliance with the terms of the Sewer Contract.

Please do not hesitate to contact me should you have any questions regarding this matter.

Sincerely,

BROWN, P.C.

**Re: Sanitary Sewer Outfall Constructed to Serve the Stone Oak II Tract.**

January 30, 2008

The Stone Oak II Tract (see attached map) had a Sanitary Sewer Service Contract with the City of San Antonio. The original sewer contract was approved through City Ordinance No. 61893, which was passed and approved on November 25, 1985 for a term of 10 years, which then expired on November 25, 1995.

During the term of the contract, the developer of the Stone Oak II Tract constructed several large mains and outfalls to serve the entire tract. The table shown below lists the projects and dates of completion for the large mains and outfalls constructed during the 10-year term.

Large Mains and Outfalls Constructed by Stone Oak II During 10 Year Term (This table only includes mains 12-inches and larger sized to serve Stone Oak II.)			
Job No.	Project Name	Date Completed	Large Mains
DJ-4003	Stone Oak Phase II, Unit-2, Panther Springs Sewer (Line P2-Line P4-partial)	6/8/1984	24", 30"
DJ-3997	Stone Oak Phase, Unit-1, Panther Springs Sewer (Line P1)	9/19/1985	12", 15", 18", 30"
DJ-3104	Panther Springs Phase I Off-Site Oversized Outfall	2/14/1986	30"
DJ-3105	Panther Springs Phase II Off-Site Oversized Outfall	11/24/1986	24", 30", 42"
DJ-4002	Stone Oak Unit-17	1/30/1987	12", 15"
DJ4006	Stone Oak Phase II, Unit-2 (Line A1-Line A7)	11/19/1987	12", 15", 18", 21", 24"
DJ-3103	Panther Springs Off-Site Outfall	6/10/1988	24", 33", 36", 42"

Re: Supplemental Information for the Vested Rights Application for a 19.11-Acre Tract of Land Located Southeast of the Intersection of Heights Boulevard and Enchanted Way, More Formally Described as New City Block 19216, Lots 15 – 24, Lots 26 – 34, Lots 44 – 71, & Lots 48 - 81, Block 30, San Antonio, Bexar County, Texas (the "Subject Property"; see Exhibit "1"); Our File No. 9118.003

Dear Ms. Ramirez and Mr. Hart:

Attached please find an amended Vested Rights Application for the above-referenced property (see Exhibit "2") based upon supplemental information. This request is made pursuant to the current provisions of Chapter 245 ("Issuance of Local Permits") of the Texas Local Government Code (the "Code") and the City of San Antonio's (the "COSA") Unified Development Code (the "UDC"), Chapter 35, Article 7, Division 2 ("Vested Rights").

The development of the Subject Property began with the Stone Oak II Sewer Contract approved by the COSA City Council on November 25, 1985 pursuant to COSA Ordinance No. 61893 (see Exhibit "3"; the "Sewer Contract"). The Subject Property is wholly included within the Sewer Contract (see Exhibit "4"; "Stone Oak II, 1,666.765 acre tract"). The Sewer Contract

RD#07-09-053h

was for the construction of sewer mains and sewer facilities to serve single-family, multi-family, and commercial uses on a 1,666.765-acre tract located northwest of Stone Oak, and the Subject Property is clearly located within the Sewer Contract. 07 DEC 13 AM 10:16

The recently amended Section 34-925 of the COSA Code of Ordinances requires that "permit" be defined by Section 245.001 of the Texas Local Government Code. Section 245.001 explicitly provides that a "permit," as that term is used for vested rights purposes, includes a "contract or other agreement for construction related to, or a provision of, service from a *water or wastewater utility* owned, operated, or controlled by a regulatory agency" (emphasis added). The Code was amended in 2005 by the 79<sup>th</sup> Texas legislature pursuant to Senate Bill 848 ("SB 848") to include the above-referenced language defining a water utility contract as a "permit." Perhaps more importantly, section 3 of SB 848 states in relevant part that the "change in law made by [SB 848] to . . . Section 245.001 [of the] Local Government Code, is subject to the applicability provision of Section 245.003 [of the] Local Government Code." Section 245.003, in turn, provides that Chapter 245 as a whole (including, by specific reference, the above-referenced amended definition of a "permit") applies to a project "in progress on *or* commenced after September 1, 1997." Because the Sewer Contract was approved by the COSA City Council on November 25, 1985 for the Subject Property and such Sewer Contract demonstrated progress toward the development of the Subject Property, the Sewer Contract clearly qualifies as the first "permit" in a series of permits necessary for the development of the subject Property as those terms are contemplated by Chapter 245 of the Code.

To determine the sewer demands associated with providing sewer service to the Sewer Contract area the COSA Waste Water Management Department required the submittal of the Stone Oak II Master Sewer Plan (*see* Exhibit "5"; the "Master Sewer Plan") and Sanitary Sewer Study (*see* Exhibit "6") which were submitted on July 26, 1985. The Sewer Contract references these documents as the "Master Plan." The Sanitary Sewer Study and Master Sewer Plan include the Subject Property in its entirety and are an indispensable part of the Sewer Contract. The Master Sewer Plan includes the Subject property within areas 39 and 40, which are designated as "Medium Density Residential" or "MDR" ("Single Family I") in the Sanitary Sewer Study (*see* Exhibit "6", Tab 1), which allows for 4 units per acre. The Sanitary Sewer Study lists areas 39 and 40 of the Master Sewer Plan as 153.05 acres of "MDR" which is the designation of the "Project" associated with the Sewer Contract for the Subject Property (*see* Exhibit "6", Tab 2). The "Project," "MDR" or "Medium Density Residential" use of 4 units per acre on the Subject property, clearly qualifies as the designation of a project associated with the first permit in a series of permits necessary for the development of the Subject Property as those terms are contemplated by Chapter 245 of the Code.

The Project for the Subject Property was further defined pursuant to the Heights at Stone Oak II POADP #358, approved by COSA on May 5, 1993, and the development authorized therein is shown as parcel "K" for "Single Family" development (*see* Exhibit "7"). The Heights at Stone Oak II POADP #358 was subsequently amended by POADP #358-B approved by COSA on May 30, 1997 ("Heights at Stone Oak II, POADP #358-B"; *see* Exhibit "8"). The Subject Property is also shown as Single Family Residential in the Heights at Stone Oak II, POADP #358-B and is included within parcel "IK". The final amendment to the POADP was the Heights at Stone Oak II, POADP #358-C approved by COSA on April 27, 1998 ("Heights at

RD#07-09-053R

Stone Oak II, POADP #358-C"; *see* Exhibit "9"). The Subject Property is shown as Single Family Residential in the Heights at Stone Oak II, POADP #358-C and is included within pod "G". The Subject Property is also currently zoned "R-6 ERZD", which expressly permits a single family land use on the Subject Property (*see* Exhibit "10").

The Project is not "dormant," as defined by Section 245.005 of the Local Government Code and Section 35-714 of the UDC, because progress toward its completion is evidenced by the filing, approval and recording of the following Plats pursuant to the Heights at Stone Oak POADP #358 and its subsequent amendments:

- i) Plat No. 010161, The Heights at Stone Oak II Unit 13, Filed 1/22/2001, Approved 10/24/2001, and Recorded 5/31/2002 (*see* Exhibit "11");
- ii) Plat No. 010328, Heights at Stone Oak II Unit 14, Filed 4/23/2001, Approved 1/9/2002, and Recorded 7/30/2004 (*see* Exhibit "12");
- iii) Plat No. 010500, Heights at Stone Oak II PUD, POD G, Unit 1, Filed 7/18/2001, Approved 6/12/2002, and Recorded 6/28/2002 (*see* Exhibit "13"); and,
- iv) Plat No. 020013, Heights at Stone Oak II PUD, Unit 1, Filed 10/8/2001, Approved 6/12/2002, and Recorded 6/14/2002 (*see* Exhibit "14").

The above Plats clearly qualify as "permits" and because they were applied for, approved and recorded between the first anniversary of the effective date of Chapter 245 of the Texas Local Government Code (May 11, 2000) and the fifth anniversary of the effective date of such Chapter (May 11, 2004), the Project has demonstrated "progress" according to the City Attorney's interpretation of the "dormancy" provisions of the state law.

In conclusion, the Stone Oak II Sewer Contract constitutes a "permit" as defined by Chapter 245 of the Texas Local Government Code, and was a necessary first step in the development of the Subject Property. The "Project" for the Subject Property was defined in the Sanitary Sewer Study and Master Sewer Plan (Both documents specifically referenced in the Sewer Contract as controlling the sewer facilities to be constructed) "Medium Density Residential" with a single family use of 4 units per acre. The stated "Project" was further defined pursuant to the Heights at Stone Oak II, POADP #358 and its amendments. Furthermore, the Subject Property has not become dormant by virtue of the filing of Plat Nos. 010161, 010328, 010500, and 020013 which were subsequently approved and recorded. Therefore, this Firm requests that COSA acknowledge that the 19.11-Acre Subject Property is vested as of November 25, 1985 for single family development by virtue of the Sewer Contract, the Sanitary Sewer Study and Master Sewer Plan, the Heights at Stone Oak II, POADP #358 and its amendments, and the Plats listed herein.

Included with this correspondence, please find duplicate copies of the following:

AGREEMENT FOR SEWER SERVICE LAND DEVELOPMENT SERVICES DIVISION

STATE OF TEXAS }  
COUNTY OF BEXAR }

This Contract, entered into by and between the City of San Antonio, a Texas Municipal Corporation, acting by and through its City Manager pursuant to Ordinance No 61893 hereinafter called "City", and Dan F. Parman as agent for the "Owners" named below, hereinafter called "Developer",

Witnesseth:

Whereas, the Owners plan to develop an approximate 1666.765 acre tract of land located outside the City's Regional Agent Boundary, such tract being shown on the map attached hereto as Attachment 1, and described by metes and bounds in Attachment 2, hereinafter called "tract"; and

Whereas, it is in the public interest for wastewater generated from the tract to be treated by the City; and

Whereas, the present terms and conditions of this Contract are SUBJECT TO amendment when, and if, the Director of the Department of Wastewater Management (the "Director") determines that these terms and conditions are in conflict with a new comprehensive sanitary sewer

policy (the Policy) which is presently under study and which may be formally adopted by the City for supplying sewer service to the Upper Salado Watershed located outside the City's Regional Agent Boundary.

NOW THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

I. DEFINITIONS

- A. Code. City Code of the City of San Antonio, Texas and amendments thereto.
- B. Designated Regional Agent Boundary. By the authority of the Texas Water Quality Board Order No. 72-0120-11 passed and approved on January 20, 1972, as amended and as may be amended, the City of San Antonio was designated as the responsible governmental agency to construct, operate, and maintain sewerage systems within a defined geographic Regional Agent Boundary area approximating 360 square miles.
- C. Developer. Dan F. Parman as agent for the owners of parcels within the Project, and their subsequent purchasers, heirs, successors and/or assigns.
- D. Project or tract. Tract A-1, a 1,666.765 acre tract generally located off Blanco Road in Bexar County, Texas. Said tract is comprised of several parcels described as follows:
- (1) 157.515 acre parcel owned by Dan F. Parman (Attachment 2-A)
  - (2) 292.421 acre parcel owned by Danny F. Welch (Attachment 2-B)
  - (3) 150 acre parcel owned by Toni J. Trimble (Attachment 2-C)
  - (4) 310.693 acre parcel owned by Dan F. Parman, Trustee (Attachment 2-D)
  - (5) 755.996 acre parcel owned by Dan F. Parman, Trustee (Attachment 2-E)
- E. Off-site. Any structure, facility, equipment, or installation, the purpose and function of which is to receive wastewater from the Project's internal collection system and to transport, treat, and ultimately discharge that wastewater

Date: 10-01-85

LAND DEVELOPMENT

to a receiving stream at a permanent location as determined by City policy. All systems between the on-site system and the receiving stream, and the on-site systems other than properly sized gravity lines, shall be considered temporary facilities until such system(s) are determined by the Director to be an integral part of the City's regional sewerage system. Examples of off-site facilities include, but are not limited to the following: pump, truck, haul and treat operations; temporary treatment plants; lift station and force main systems; gravity flow mains; permanent regional wastewater plants and supporting facilities and improvements or approved modifications to existing facilities, such improvements or approved modifications as more fully defined in Article I, Section I. Unless otherwise specified in writing by the Director of the Department of Wastewater Management, the City Code and its amendments shall govern the design and construction of the off-site facilities.

- F. On-site. Any structure, facility, equipment, or installation that collects and transports wastewater generated from within the Project to the off-site system at a designated point. The City Code and its amendments shall govern the design and construction of the on-site facilities. On-site public sewage facilities must be located in adequately sized, and appropriately dedicated public right-of-way in accordance with applicable sections of the City Subdivision Code Regulations.
- G. Project Master Plan. A document or documents furnished by the Owners and submitted by the Developer to the Director of the Department of Wastewater Management that includes, but is not limited to the following: the overall project boundaries, phases of development, schedule of development phases, projection of wastewater flows anticipated to be generated at each development phase; detailed descriptions of sewerage facilities (off-site and on-site) projected to be built during each development phase.
- H. SAWPAC Study. A presently ongoing study by the Department of Wastewater Management of alternative schemes or methods the City of San Antonio can implement to provide sanitary sewer service to the Upper Salado Watershed outside the existing Regional Agent Boundary.
- I. Improvements or Approved Modifications. Improvements or approved modifications to existing facilities that are determined by the Director of the Department of Wastewater Management to be required in order to accommodate the flows generated by the Project.

Date:10-01-85

Initials:

RECEIVED

07 DEC 13 AM 10:27

LAND DEVELOPMENT

- J. Owners. Dan F. Parman, individually and as Trustee, Danny F. Welch and Toni J. Trimble, and their subsequent purchasers, heirs, successors, and/or assigns.
- K. Participation Agreement. The Agreement for Construction of Utilities and Roadway Systems among the Owners covering 910.68 acres of the Project dated May 23, 1984 and recorded in Volume 3116, Pages 575 of the Official Public Records of Real Property of Bexar County, Texas. A copy of such agreement is attached hereto and incorporated herein as Attachment 2.F.
- L. Basic Sharing Ratio. The ratio determined for each owner which shall be expressed as a fraction, the numerator of which is the area of such Owner's parcel as determined in Section D above and the denominator of which is the total area of the Project.

## II. GENERAL TERMS AND CONDITIONS

The Parties hereto agree to the following general terms and conditions:

- A. The Owners, shall, through the Developer, submit to the Director of the Department of Wastewater Management a Project Master Plan and an Engineering Report (Attachment #3 hereto, as may be amended) as a condition precedent to receiving plat approval for recordation and initial sewer service. The initial Master Plan and Engineering Report, along with subsequent amendments and revisions to same should they occur, are included instruments to this Contract and are binding upon the Owners for the purpose of demonstrating to the Director of the Department of Wastewater Management proposed and actual land uses and the resulting sewage flows reasonably expected to be generated from such land uses. The Owners, through the Developer, shall modify the Plan as to their respective parcels as may be reasonably required by the Director of the Department of Wastewater Management and shall provide the Director of the Department of Wastewater Management with subsequent updated revisions of the Plan and/or Engineering Report made independently by such Owners.
- B. The Director of the Department of Wastewater Management, or his designated representative, hereby agrees to forward to the Owners, through the Developer, upon his request, a copy of the final draft report containing the Upper Salado Watershed Study and related policy issues prior to same being formally acted upon by the Planning Commission of the City of

LAND DEVELOPMENT  
DIVISION

2. The volume fee component shall be not less than \$2.00 per gallon per platted acre.
- F. The requirement for a minimum of sixty (60) acres and 50,000 gallons of projected daily volume will not be applicable where a permanent off-site sewer main is available to serve the property, or if the owners decide to build the permanent off-site main as per Section VI.A. of the contract and shall supply to the City a suitable performance guarantee covering the cost of the off-site main.
- G. It is hereby understood that a rebate or credit shall be provided to each of the Owners by the City if the fees adopted by the Upper Salado policy are priced lower than those originally paid to City in accordance with Paragraph E, above. Developer, as agent for the Owners and City hereby agree to negotiate the format for that rebate or credit should it become necessary. The above notwithstanding, until such Policy is adopted, these platting fees are subject to any amendments, updates, and revisions adopted by formal City Council action.

### III. RIGHT OF WAY

A. Right-of-way (Gravity or Pressure Mains and Related Facilities)

If an existing public right-of-way cannot be used for the placement of the off-site sewer facilities, the Owners, through Developer shall provide at least a sixteen foot (16') wide right-of-way or easement for the off-site system facilities together with a temporary twenty five foot (25') wide temporary construction easement, and shall either dedicate and convey or cause to be dedicated and conveyed the right-of way or easement to the City or shall grant unto the City by appropriate instruments the right to construct and maintain within said right-of-way or easement any wastewater facilities the City may desire to place therein or on, with said grants to be made to the City by the Owners through Developer, prior to any construction of the off-site system. On-site lines shall be located in adequate public right-of-way or easements in accordance with applicable sections of the City Subdivision Regulations.

B. Right-of-way (Lift Stations)

The Owners, through the Developer, shall provide suitable amounts of real property or easements and shall convey title to same to the City at the location(s) of any wastewater lift

Date:10-01-85

Initials: AK

RECEIVED

07 DEC 13 AM 10:21

station which may be constructed as part of both the on-site system or the off-site system, with the size of such site(s) being within the reasonable discretion of the City's Director of the Department of Wastewater Management. The Owner's through the Developer, shall further provide suitable all-weather access to such site(s) for heavy equipment as well as provide suitable electric service to such sites, all as approved by, and at no cost, to the City.

Suitable all-weather access is achieved by incorporating construction materials and dimensions which equal or conform, at a minimum, to that specified for residential alleys in "Exhibit A", of Chapter 36 of the City Code.

City may approve, when requested by Owners, through the Developer, an alternate type of surface treatment for each site(s) as it deems necessary to satisfy access requirements.

Legal instruments shall include metes and bounds description and a survey plat, conveying appropriate easement interests to the City for such sites and access right of way thereto and shall contain a reversionary clause that, on the abandonment of such sites and access by the City, as evidenced by certification of abandonment by the City's Director of the Department of Wastewater Management, title reverts to the original Owner or Owners. The Owners, through the Developer, shall submit to the City for the City's approval, the proposed location of any proposed lift station or treatment plant installation as well as all engineering data pertaining thereto, as the City's Director of the Department of Wastewater Management, or his designated representative deems necessary. Following review by the City, approval or disapproval of proposed location will be given the Owners in writing by the City's Director of the Department of Wastewater Management, whose decision is final. It is expressly understood by the Owners that any site or sites must be above either the twenty five (25) year ultimate development flood plain elevation or the one hundred (100) year flood plain base elevation (as defined by City Ordinance No. 48700 as amended or as may be amended) whichever is the most stringent, to be eligible for consideration.

C. Acquisition

If the City determines that it is both necessary and in the City's best interest, to acquire any portion of said right-of-way for lines or lift stations, the City may exercise its powers of eminent domain, where the City has the jurisdiction to so exercise. The Owners shall pay non-City staff costs in connection therewith including independent

Date:10-01-85

Initials: LD

RECEIVED

07 DEC 13 AM 10:21

appraisal fees, expert witness fees, if required, and the amount of Commissioners' or Jury award and court costs.

IV. SANITARY SEWER MAINS, LIFT STATIONS, AND TEMPORARY TREATMENT PLANT

A. Main-Sizing, Grade and Elevation

The Owners, through the Developer, shall prepare an engineering report covering the on-site and off-site sewer systems to be constructed to serve the tract including adequate provisions of right-of-way, to ultimately connect the Project to permanent off-site wastewater transportation and treatment facilities which are a part of the City's Regional Wastewater Transportation and Treatment System.

City shall review such report and make a determination as to its total adequacy and suitability. City approval in all respects as to system location, size, and grade and invert elevation is a condition precedent to any further obligation of the City.

B. Oversizing

City shall have the right to require the oversizing of both the on-site and the off-site facilities, and shall so notify the Owners, through the Developer, in writing at the time of approval by the City of the Preliminary Engineering Report. Such oversizing on the part of the City shall be in accordance with the applicable sections of Chapter 36, City of San Antonio Subdivision Regulations.

Should the City elect to oversize any part of the on-site and/or off-site systems, the City is to be responsible to the Owners for the difference in costs of construction of the size desired by the City and that which the Owners are being required to construct to service his Project. The construction cost for City required oversizing is to be ascertained and agreed to by the City and the Owners, through the Developer, and reviewed by the Planning Commission prior to any construction of the on-site and/or off-site systems.

Should the Owners desire to have capacity in the system in excess of that required, then the Owners shall have the right, with City's prior approval, to oversize any line at no cost to the City. Such additional capacity shall be agreed upon by the Owners through the Developer and City's Director of the Department of Wastewater Management in writing prior to any construction of oversize lines.

LAND DEVELOPMENT  
SERVICES DIVISION

C. Ownership and Operation

The Owners, through Developer, shall dedicate, grant and convey all of their right, title and interest in both the realty and personalty associated with the on-site and the off-site systems to the City upon their completion and acceptance by the City. City shall thereafter own, operate, and maintain said systems.

D. Capacity

1. The average daily flows for platting fees determination shall be based on the Flow Rate Table (Attachment #4). The sewer main size and the treatment system shall be designed based on the criteria of twelve (12) persons per net acre developed and flows of 250 gallons per person per day or as determined by the Director of the Department of Wastewater Management or his designated representative.
2. Proposed land uses shall be indicated on the Project Master Plan at the time of plat approval and shall be periodically updated as further provided for in Section II.A. above herein.
3. The Director of the Department of Wastewater Management or his designated representative, shall evaluate the Owner's projected maximum capacity needs and make a final determination of the maximum allowable capacity flows prior to any plat approval.
4. The City shall maintain accurate records regarding the Owner's capacity right in the off-site system, and in the event the Owners exceed those rights as a result of any subsequent platting or replatting of tract properties, the City shall have the right to either deny plat approvals or refuse to accept flows into the San Antonio Regional Wastewater Transportation and Treatment System that are in excess of the capacity rights reserved to the Owners. Each Owner's relative right, among all of the Owners, as to all capacity shall be in accordance with such Owner's Basic Sharing Ratio. It is hereby expressly understood that determining the amount of capacity to be allocated to each Owner shall be the responsibility of Developer.
5. The above notwithstanding, prior to the time that the Owners recoup all eligible off-site construction costs through the credit format outlined in Section VI herein below, the City is hereby granted the qualified and

Date:10-01-85

Initials:

RECEIVED

07 DEC 13 AM 10:21

conditional right to connect non-Project wastewater flows to either on-site and/or off-site systems, whether or not such systems were oversized by City but only pursuant to the following requirements:

- (a) Upon request by Owners, through Developer, City's Director of the Department of Wastewater Management, or his representative, employing sound engineering principles and practices, shall demonstrate to the Owners through Developer, in writing prior to proposed use of Project designated capacity (distinguished from City oversized capacity reserved to City) for connection of non-Project flows, that the potentially impacted project on-site and/or off-site systems then contain available, unused, excess, or reserve capacities that could temporarily accommodate limited projected non-Project wastewater flows. City's report will also contain a detailed description and schedule whereby non-Project wastewater flows are projected to be accommodated through new sewer main installations or other forms of relief. The Owners, through Developer, shall be afforded the right to submit a written response to the proposal and City will incorporate appropriate portions of same into any engineering decision or report of the Director which would precede any proposed agreement on the part of the City to allow non-Projected flows to temporarily utilize designated Project capacity.
- (b) The City hereby acknowledges that it must afford the Owners this protection in order to preserve the designated Project capacity in both the original on-site and off-site systems in order that the Owners can achieve reasonable, full, timely and complete platted development of the Project and meet any contractual obligations the Owners might have with others.

It is expressly understood by the parties hereto that upon the recoupment of all eligible off-site construction costs through the credit format outlined in Section VI herein below, the City shall own all permanent off-site facilities and all capacity therein but City shall continue to service the Project by recognizing designated Project capacity and actual Project flows. The Owners shall not be denied plat approvals solely on the basis that the remaining designated Project capacity is insufficient to accommodate the flows of the anticipated plat and that such insufficiency in the remaining designated project capacity is the result of the City connecting flows to the permanent off-site and/or

on-site system generated by ~~non-Project~~ wastewater generators.

WASTEWATER SERVICES DIVISION

E. Sewer Lift Station and Pressure Mains

1. It is expressly recognized that a parcel within the tract may be situated in more than one drainage sub-basin and that the Owner of such parcel, through Developer may seek approval to install on-site and/or off-site pressure main and lift station systems to serve the tract subject to prior approval by the Director of the Department of Wastewater Management. Should an Owner so elect, and the City so concur, all systems shall be designed and constructed at such Owner's total expense and at no cost to the City. The Owner may have the option of constructing gravity off-site lines so as to develop preferred gravity flows and eliminate the necessity for the pressure mains and lift stations, subject to prior approval by the City of all design plans and construction of such systems.
2. In the event that prerequisite approvals to install on-site and/or off-site pressure main and lift station systems are secured by an Owner, such Owner, through the Developer, shall establish a fund as approved by the City Attorney and the Director of Finance for each lift station and force main system constructed to serve any property within his parcel. The creation and approval of said fund shall be a condition precedent for approval by the City, of the plat of the properties for which the lift station and force main system shall be constructed to serve. This fund shall guarantee the payment of a minimum annual fee of \$4,600.00 to the City of San Antonio for each lift station constructed to serve property within said tract for a period of ten (10) years following the post-construction acceptance date of each lift station. This minimum annual fee may be adjusted in the event that the City formally adopts a new lift station operation and maintenance fee schedule.
3. The minimum annual fee of \$4,600.00 may be waived by the Director of the Department of Wastewater Management within 30 days after a written request by the Owner, through the Developer, when an off-site lift station, in close proximity to the Project boundary, is constructed to facilitate transportation of Project flows to other City-designated off-site facilities in lieu of constructing a temporary package treatment plant to individually serve the Project.

V. MONTHLY SERVICE FEES, WATER PURVEYOR CONTRACT, INDUSTRIAL WASTES

SAN ANTONIO  
SERVICES DIVISION

A. Cost of Treatment

Upon completion of the on-site and off-site systems, the City shall be reimbursed monthly for the treatment and disposal of all flows generated by the Project in accordance with the following requirements:

1. Water Service By City Water Board

In the event water service to a subdivision plat within the tract is provided by the City Water Board of the City of San Antonio, the amount of the monthly sanitary sewer service fees for the collection and treatment of wastewater will be those charged to the various customer classifications as set by City ordinances, with collection thereof being the responsibility of the City and its Water Board.

2. Water Service By Other Than City Water Board

In the event water service to a subdivision plat within the tract is not provided by the City Water Board of the City of San Antonio, the amount of the monthly sanitary sewer service fees for the collection and treatment of the wastewater will be those charged to the various customer classifications as set by City ordinances, with the billing and collection thereof on behalf of the City of San Antonio being the responsibility of the water purveyor. In order to facilitate this arrangement, the Owners are required to insert into any service agreement with whatever water purveyor is to supply water services to a subdivision plat within the tract, a provision requiring said water purveyor to enter into a Contract with the City of San Antonio to bill and collect the City's monthly sanitary sewer service fees and transmit said fees to the City all in accordance with a standard City-water purveyor contract. Pursuant to the City-water purveyor contract terms, the water purveyor shall advise all sanitary sewer service customers that delinquent non-payment of any of the City's sewer fees will call for possible termination of water service in the event that all Administrative remedies of appeal set forth in the City's Sewer User Ordinance No. 58526, as may be amended, are either exhausted or waived by customer. The City of San Antonio shall not be obligated to approve any plat within the Developer's tract unless and until the water purveyor has executed a contract with the City to

Date:10-01-85

07 DEC 13 AM 10:21

account in the Owners' name to reimburse Owners for "as built" construction costs (engineering costs excluded) paid by Owners to a completing contractor for construction of properly sized, permanent off-site gravity flow lines and facilities. Such fund shall benefit each Owner in accordance with his Basic Sharing Ratio. It is hereby expressly understood that it shall be the sole responsibility of Developer to assure that each Owner is benefited in accordance with his Basic Sharing Ratio.

Such credit account shall set out the number of acres which the Owners shall be allowed to plat without the requirement to pay the fixed collection fee component of the platting fee. Such acreage amount shall be determined by dividing the "as built" construction costs by the amount of the collection fee component of the platting fee which is current at the time the "as built" construction costs are determined. Such acreage shall be allocated pro rata to each of the Owners in accordance with the Basic Sharing Ratio. In the event the number of acres credited to the Owners is greater than the acres platted within the Owners' project then the Owners may use such credit towards any other project within the Upper Salado Watershed where permanent off-site sewer service is available.

In addition to any credit granted to Owners as set forth above:

- B. Should the minimal collection fee amount paid by any Owner based upon Section II.E.1. herein, be higher than the fixed fee component times the number of acres actually platted such Owners' parcel within the Project, such Owner will be eligible for a credit upon the approval of the Director the Department of Wastewater Management, equal to the difference in these two amounts. Such credit shall only be applied to additional property platted by the Owner, which is situated outside the Regional Agent Boundary and both within the Upper Salado Watershed and within the Project, as such Project and Watershed are used and defined in this Contract.
- C. In the event the minimum charge paid by any Owner for projected daily volume in accordance with Section II.E.2., herein, is higher than the amount of the fee component times the actual daily volume flow generated by such Owner's parcel within the Project, upon the approval of the Director of the Department of Wastewater Management, such Owner will be eligible for a credit equal to the difference between these two amounts. Such credit shall also only be applied to additional property platted by such Owner outside the

Regional Agent Boundary and both within the Upper Salado Watershed and within the Project, as such Project and Watershed are used and defined in this Contract.

VII. DESIGN AND CONSTRUCTION PROCEDURES

A. Design and Construction

All design, as well as construction of on-site and off-site sewerage facilities shall be, as a minimum, in accordance with any and all requirements pertaining to wastewater collection and treatment set forth by the City, County of Bexar, State of Texas and any agency or departments thereof having regulatory authority, such as but not limited to the Texas Department of Water Resources and Texas Department of Health. Additionally, all facilities shall be constructed under the inspection of the City, and until written notice of approval of their construction by the City's Director of the Department of Wastewater Management, no flows therein shall be accepted by the City for treatment.

B. The Owners shall be responsible to pay for all costs associated with the design, right-of-way acquisition, materials, and construction of wastewater treatment plant effluent transportation pipelines, if any, and related appurtenances, if any, at the point of actual discharge to the receiving stream.

C. Award of Construction Contracts By Owners

When the Owners anticipate receiving "credit" from the City for as-built construction costs expended by the Owners to build permanent off-site facilities pursuant to Section VI.A above and when the City elects to financially participate in the oversizing of off-site facilities to be constructed by the Owners, the Owners agree to publicly advertise, award, and construct all portions of these off-site system(s) addressed in this agreement. The public advertisement and award of these construction contracts by the Owners shall be as approved by the City and generally in accordance with the State's public competitive bidding statutes governing award and construction of City projects.

VIII. CITY'S OBLIGATION OF PERFORMANCE CONDITIONED

The obligations of the City herein to render services for the acceptance and treatment of wastewater from the tract is conditioned upon present rules, regulations, and statutes of the

Date:10-01-85

Initials:

RECEIVED  
07 DEC 13 AM 10:21

United States of America and the State of Texas and any court orders that directly affect either the City's Regional Wastewater Transportation and Treatment System or the Project's sanitary sewer collection system. The Owners recognize and acknowledge that if the rules, regulations, and statutes of the United States of America and/or the State of Texas that are in effect upon the execution date of the contract are ever revised or amended to such an extent that the City may be incapable of or prevented from transporting and/or treating the Project's wastewater, then no liability of any nature is to be imposed upon the City resulting from a City compliance with such legal or regulatory mandates resulting in the City's inability, refusal or failure to provide transportation and/or treatment of the wastewater generated by the Project due to the above described final actions which are beyond the City's control. The City agrees that it will use its best efforts to prevent the enactment or adoption of such provisions or amendments or the imposition of such Court orders. Nothing herein contained is intended to, or shall create a right in any such state or federal court or agency to enact, adopt, or impose such requirements upon the City to the disadvantage of the Owners. Further in the event that an administrative or judicial proceeding is commenced either by or against the City concerning the right of the City to perform its obligations hereunder, the City shall move for the joinder of the Owners as a party thereto.

The above notwithstanding, the Owners specifically recognize that the City is currently being sued by both the State of Texas and the San Antonio River Authority. Such cases are styled State of Texas vs. City of San Antonio, 85-CI3806, and San Antonio River Authority vs. City of San Antonio, 85-CI-03677.

The Owners specifically recognize that any obligations of the City set out in this Contract are subject to the courts' holdings in the above-referenced lawsuits.

IX. PRIVATE JOINT VENTURE AGREEMENTS

In the event the Owners, or any of them, enter into a Private Joint Venture Agreement covering the costs for supplying sewer service to said tract, the Owners shall send a copy of such agreement to the attention of the Director of the Department of Wastewater Management. However, the City shall not be obligated under this contract to monitor the proper disbursement of credits between the parties to said Private Joint Venture Agreement. The Participation Agreement, as defined in Section I.K. herein is hereby recognized as such an agreement.

X. ASSIGNMENT

No assignment of this Contract in whole or in part shall be made by the Owners without prior written approval by the City in accordance with the following procedure:

- A. The Owners, through the Developer, shall notify in writing the City's Director of the Department of Wastewater Management evidencing the purpose, intent, terms and effects of the proposed assignment. The Owners shall provide the City's Director of the Department of Wastewater Management with a copy of the proposed assignment.
- B. The Director of the Department of Wastewater Management will review the proposed assignment and shall within thirty (30) days of initial receipt, respond to the Owners, through the Developer, in writing announcing City's approval, proposed modifications, or disapproval of the proposed assignment.
- C. The City expressly reserves the right to disapprove any proposed assignment for reasonable cause and agrees to provide the Owners, through the Developer, with a written explanation outlining why a proposed assignment is viewed by the City to be adverse to the City's Regional Sanitary Sewer System.
- D. Any assignment by the Owners executed in violation of this submittal, review, and approval procedure shall be void ab initio as to its effects upon the City of San Antonio, and the Owners will continue to be bound by the terms and conditions of this Contract.
- E. In the event that the City approves an assignment, the City will acknowledge same in writing within thirty days of receipt of the proposed assignment and at such time will further provide a written release to the Owners, through the

Developer, in whole or in part from further responsibilities under this Contract as appropriately determined by an interpretation of the assignment document.

XI. SEVERABILITY

If for any reason, any one or more paragraphs of this Contract are held legally invalid, such judgment shall not prejudice, affect, impair or invalidate the remaining paragraphs of the Contract or

Date:10-01-85

Initials: LD

RECEIVED  
07 DEC 13 AM 10:21

the Contract as a whole, but shall be confined to the specific sections, sentences, clauses or paragraphs of this Contract held legally invalid.

XII. TERM OF CONTRACT

The provisions of this Contract shall remain in full force and effect until either the City of San Antonio formally adopts a new comprehensive policy for supplying sanitary sewer service to the Upper Salado Watershed, or ten (10) years from the effective date of this Contract has elapsed, whichever occurs first. In the event the first occurrence is the formal adoption by the City of a new comprehensive policy for supplying sanitary sewer service to the Upper Salado Watershed, the parties hereby agree to amend any provisions of this Contract which may be in conflict with such new comprehensive policies, and to negotiate the number of years that the amended Contract shall be in effect. In the event ten (10) years elapses from the effective date of this Contract, and a new policy for supplying sanitary sewer service to the Upper Salado Watershed has not been formally adopted by the City of San Antonio, the parties hereby agree to the following:

- A. The City will continue to (i) accept Project wastewater flows for transportation and treatment; (ii) recognize the Owners' right to connect to the City's regional wastewater system to the extent of the remaining unused project capacity; and (iii) exercise the credit procedures set forth herein until all eligible costs are recouped by the Owners, if the Director is satisfied with the Owners' performance record in complying with the provisions of this Contract. If the City is dissatisfied with the Owners' performance record under this Contract it shall notify the Owners, through the Developer, of such dissatisfaction on or before the termination date of the Contract. However, if the City is dissatisfied with the Owners' performance, it shall give the Owners at least thirty (30) days to cure such defect in performance.
- B. The Parties agree to review the provisions of this Contract for possible amendment and re-execution for a term to be negotiated and agreed to by the Parties.

SUBJECT: SEWER SERVICE CONTRACT FOR STONE OAK II

Date November 15, 1985

### Summary and Recommendations

Dan F. Parman, developer and agent for the owners of individual parcels within the Stone Oak II project, has requested sewer service for a 1666.765 acre tract from the City of San Antonio. The site is generally located off Blanco Road, north of F.M. 1604 outside of the City's Regional Agent Boundary. The attached ordinance authorizes the City Manager to execute the sewer service contract between the City and the developer.

The staffs of the Planning, Legal and Wastewater Departments recommend approval of this ordinance.

### Background

The attached contract follows the standard SAWPAC format, including the two-tiered platting fee structure, and is consistent with other contracts previously approved by City Council for developments in this watershed. This contract was reviewed and approved by the Planning Commission on November 6, 1985.

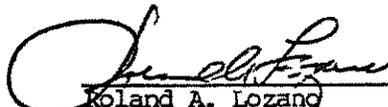

### Financial Impacts

Under the terms of this contract, the developer pays a fixed collection fee of \$900.00 per platted acre and a volume fee of \$2.00 per gallon per platted acre. All flows from this project will be treated at the Salado Creek Wastewater Treatment Plant and will be paid for by monthly user fees.

### Conclusion

It is in the best interest of the City and its policy of developing a regional wastewater treatment system to provide the requested sewer service to this tract.

Contract Synopsis - Stone Oak II Tract

LAND DEVELOPMENT  
SERVICES DIVISION

The Stone Oak II tract is located generally off Blanco Road, north of F.M. 1604, in the Upper Salado Watershed, and outside of the City's Regional Agent Boundary.

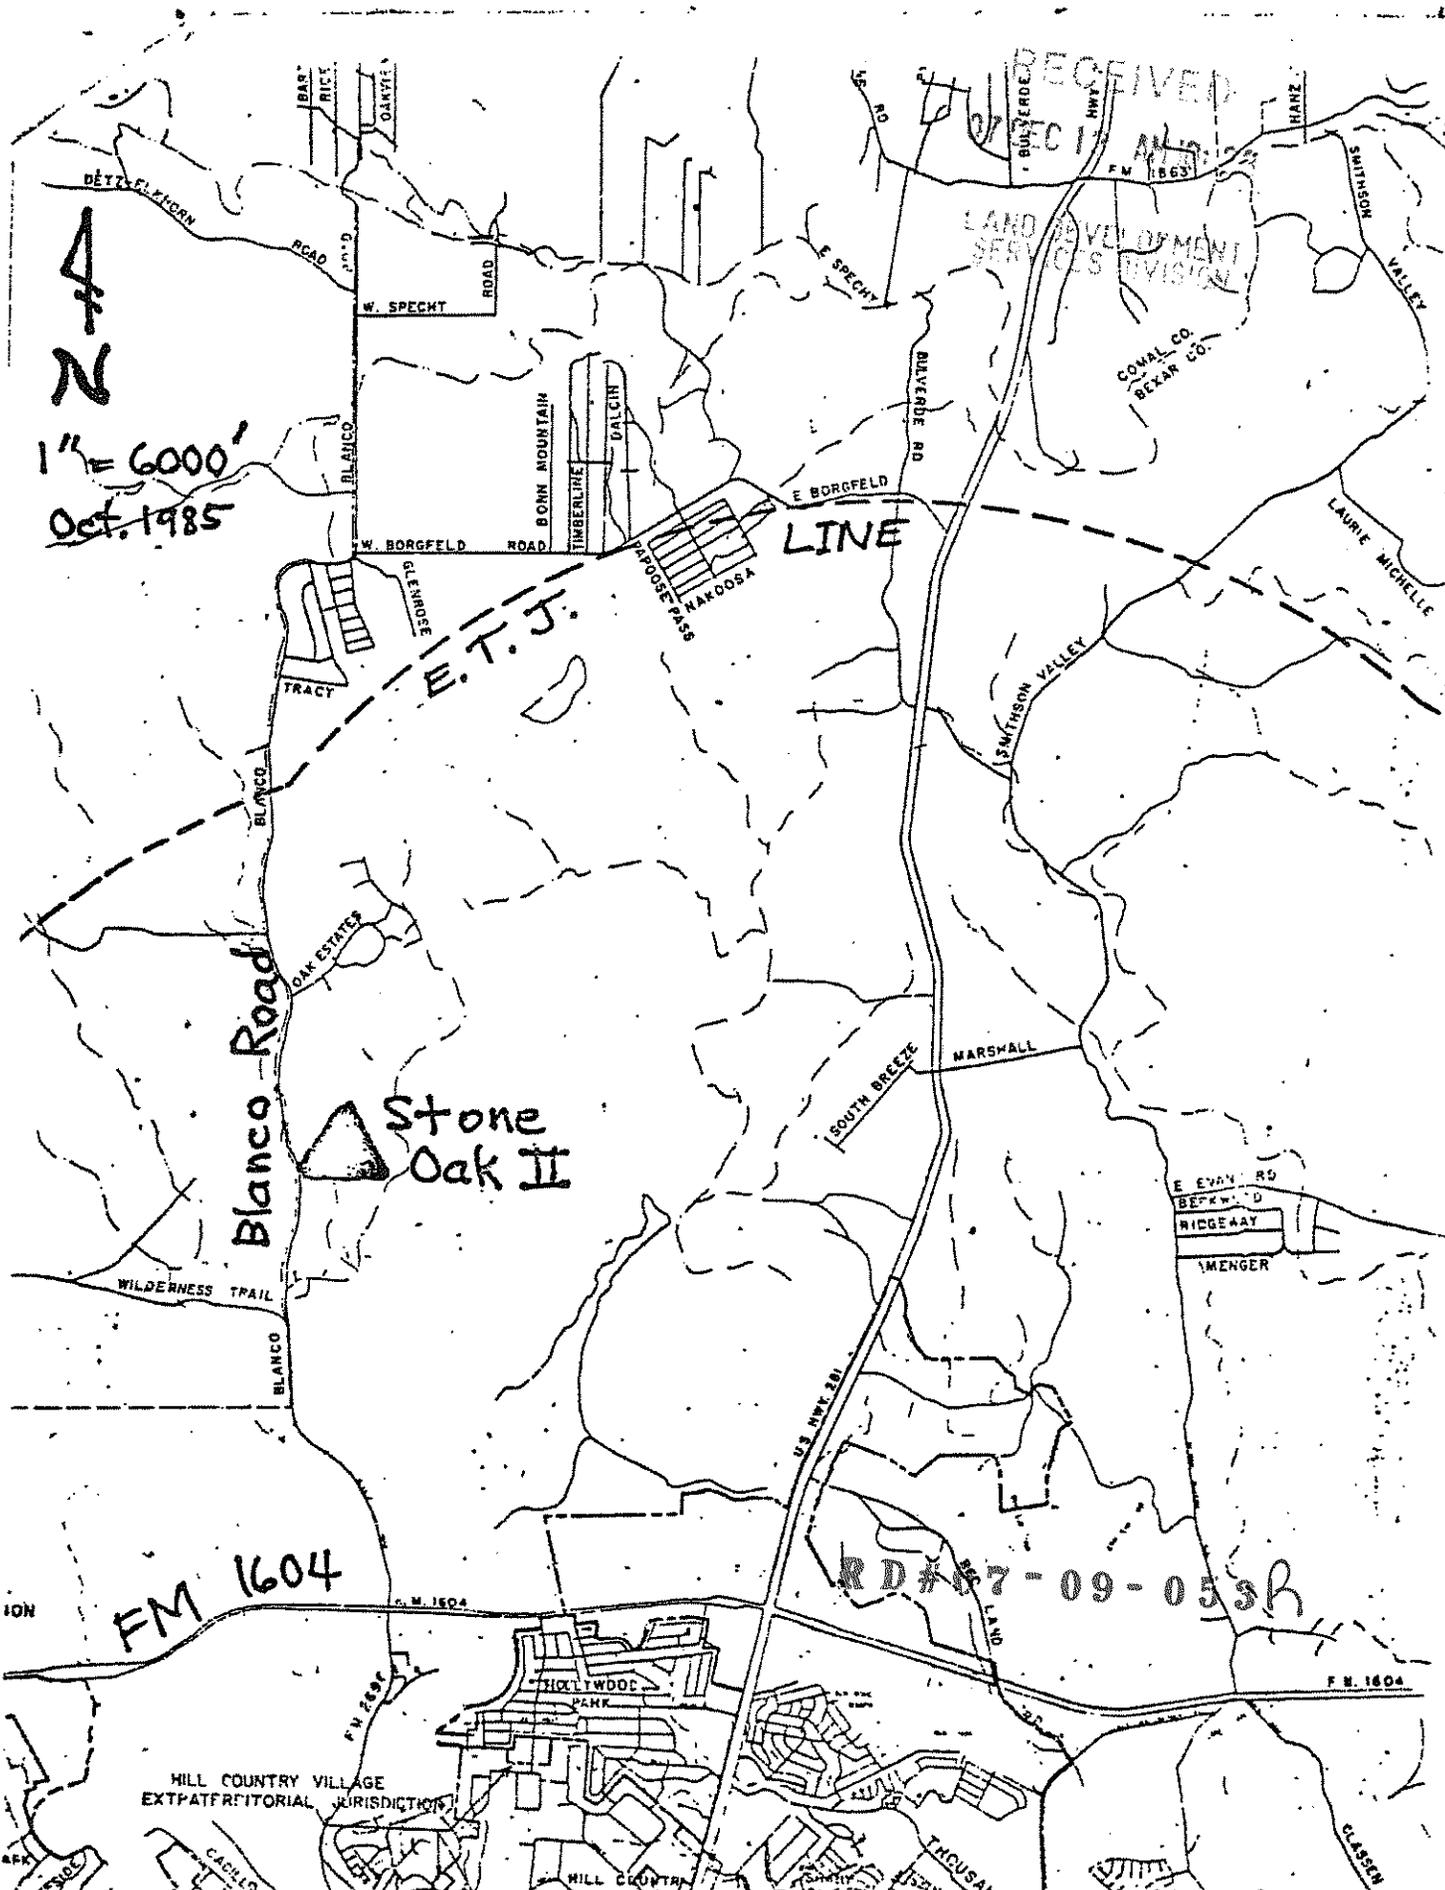

In signing the proposed contract, the developer agrees to be bound by its provisions for ten (10) years or until Council adopts a formal policy governing the Upper Salado Watershed; whichever occurs first. The developer has the option of constructing the necessary outfall line and then dedicating it to the City, or waiting for the City to construct the line. Reimbursement via platting fee credits is available if the developer elects to construct the outfall line. The SAWPAC platting and volume fees apply (\$900.00 per platted acre and \$2.00 per gallon per platted acre).

The developer also agrees to provide all right-of-way for off-site sewer facilities. Should it become necessary for the City to employ its eminent domain powers to acquire right-of-way, the developer shall pay all non-City staff costs associated with the action. Oversizing any part of the system is at the option of the City.

The developer, as agent for the owners, has the sole responsibility of allocating capacity, platting fee credits, etc. pro rata to each of the owners in accordance with the Basic Sharing Ratio as defined in this contract. The City's obligation of performance is conditioned by the applicable rules, regulations, and statutes of the United States and the State of Texas. Specific notification of current litigation pending against the City is included in this contract. No assignment of this contract may be made without approval of the City.

SANITARY SEWER STUDY  
FOR  
STONE OAK II DEVELOPMENT SERVICES DIVISION  
LAND DEVELOPMENT

Scope: The purpose of this report is to supply applicable documentation utilizing computer sewer models and related mapping details to reflect the sewer demands that will be associated with an 2382.91 acre infrastructure development known as Stone Oak II.

General: Stone Oak II, an extension of the original 4400+ acre Stone Oak development hereinafter referred to as Stone Oak I, is situated directly north of the City of San Antonio, Bexar County, Texas, approximately 2.1 miles west of U.S. 281 (San Pedro Avenue) and north 1.1 miles along Blanco Road, Texas Farm to Market 2692. The subject project site is bounded on the east and south by Stone Oak I, north by the Oak Moss Subdivision, northeast by a proposed multipurpose tract referred to as Canyon Springs Ranch, and on the west side by Blanco Road. Stone Oak II is governed by a set of development controls that clearly defines land use relationships for each of the planned tracts of land. This format follows directly the procedures and concepts utilized to develop the original 4400+ Stone Oak Tract, an approved development concept for utilities, streets, and drainage facilities and is currently under construction in various phases.

Topographic and Related Conditions: The topography over much of the northern, eastern and southern sections of the site is rugged with relatively steep slopes. Much of the central and western portions of the site is generally flat to slightly sloping, even with a 200 to 300 foot vertical relief condition considered across the entire tract. The majority of the flat to slightly sloping land within the central portion of the site. This is contained within a 351.44 acre area and controlled by the San Antonio River Authority (S.A.R.A.). The Salado Creek Soil Conservation Service (SCS) Dam Site #5 is constructed within the 351.44 acre SARA tract. The lowest points topographically on the site occur within Panther Springs Creek and its tributaries. Considering these lower topographic elevations as practical the wastewater collection trunk mains are proposed that will provide sewer service to all areas of Stone Oak II.

RD#07-09-053R

RECEIVED

07 DEC 13 AM 10:25

LAND DEVELOPMENT  
SERVICES DIVISION

RECEIVED

07 DEC 13 AM 10:25

Land Use: The Stone Oak II Development is governed by a set of development controls that clearly define land use relationship for each of the planned tracts of land. (See attached maps - appendix). Each of the various land use areas have a specified set of permitted uses and densities. The planned areas for Stone Oak II are divided into several different categories as follows:

Single Family (SFI)	4 DU*/Acre
Single Family (SFII)	6 DU/Acre
Multi Family (MFI)	10 DU/Acre
Multi Family (MFII)	24 DU/Acre
Commercial Office	

\* Dwelling Units

Utilizing the planned area categories as listed above, a relationship to the sewer model was developed to establish projected area densities. This relationships are as follows:

SF I	=	MDR (Medium Density - Residential)
SF II	=	LDR (Low Density - Residential)
MF I	=	HDR (High Density - Residential)
MF II	=	HDR (High Density - Residential)
Comm	=	Commercial
Office	=	

Table I represents a summary of the various land use categories in acres for each of the contributing sewer areas in the model. Major streets, easements and floodplains, such as the 351.44 acre S.A.R.A. tract are not considered for sewer flows. All areas not specifically designated by category are considered as Single Family Residential (SFI), Medium Density Residential (MDR).

Sewer Demand: The Stone Oak sanitary sewer loadings were developed in accordance with and similar in content to the Contract for Sewer Service between the City of San Antonio and the owners of Stone Oak, Incorporated, Ordinance No. 55378, dated June 1, 1982, and the Flow Rate Tables, City of San Antonio, April 1, 1984. Utilizing the planned area categories, densities, Flow Rate Tables, and the Stone Oak Contract, the following constants, were developed to compute the sanitary sewer demand for each of the contributing areas to the Stone Oak II systems:

RD#07-09-053R

RECEIVED

07 DEC 13 AM 10:25

Land Use	Category	Person/Ac.	Sewer Flow		GPD/Person Peak
			Avg.	Flow	
LDR (R1-6)	SFII	17.4	60.0	220	
MDR (R1-4)	SFI	11.6	60.0	220	
HDR (R6-24)	MFI & II	34.5	60.0	120	
Comm.	Comm.	50.0	20.0	40	

Table I represents a summary of all areas related to the sanitary sewer collection system for Stone Oak II.

Sewer Basin Area: The Stone Oak II Development contains 2382.88 acres of which 351.44 acres is controlled by the San Antonio River Authority. (SCS Dam Site #5). Of the 2382.88 acres of the Stone Oak II development, all but 149.06 acres defined as areas 41, 42, and 43 situated in the extreme north-northeast section of the Stone Oak II development areas, contributes sanitary sewer flows within the Panther Springs Sewer Basin, directly or indirectly. These areas are designated as Single Family (SFI), Residential (LDR) (Lower Density Residential) and will contribute flows to the Mud Creek Sewer Basin by gravity through portions of Canyon Springs Ranch and Stone Oak I upon completion of the Mud Creek Sewer System.

Situated in the northwest section of the area, but not currently within Stone Oak II boundary, are areas 35, 36, 37 and 38, referred to as the Classen Ranch Site and contains 354.72 acres of land. For the purpose of this report, because of its proximity and certain future development, this area has been considered as part of the Stone Oak II system with area categories being established as Single Family (SFI) Residential, MDR (Median Density Residential).

Areas 7 and 44, situated in the south-southeast section of the Stone Oak II development, contains 81.3 acres of mixed land use (SFI & MFI, MDR and HDR respectfully). The flows generated by these areas will collect within Panther Springs Sewer Basin but not through gravity mains of the proposed Stone Oak II system, but instead discharge its flows through Stone Oak I, of which the capacities have already been allocated in the original Stone Oak I, collection system design.

Sewer System Design: The total flow, Q (Peak), in MGD (Million Gallons Per Day) generated by the useable area within the boundary of what will be considered Stone Oak II, is 4.693 MGD. This 4.693 MGD includes areas 35, 36, 37 and 38, previously referred to as the Classen Ranch Site which generates 0.766 MGD sewer peak flows to the system. An additional sewer flow of 0.806 MGD originating from the

RD#07-09-053R

RECEIVED

07 DEC 13 AM 10:35

Stone Oak I Development, will contribute its gravity flows to the Stone Oak II system, thereby increasing the total to 5.50 MGD. This 0.806 MGD flowing gravity through Stone Oak I was allocated to the Stone Oak I Contract of June 1, 1982, and was designed to contribute its flows in Stone Oak I by means of lift stations. Therefore, by collecting this amount into the Stone Oak II Development system, an additional unused capacity in the original Stone Oak I system is created. These areas are listed as No.s 11,12,19,28 and 29 and are shown on the attached Stone Oak II Master Sewer Plan.

However, the three (3) areas situated within the northeast section of the Stone Oak II development, designated as No.s 41, 42 and 43, generated a total peak flow of 0.331 MGD, but is not included in the total 4.693 MGD. As previously discussed, these areas will ultimately contribute their flows into the Mud Creek Sewer Basin.

Also, two (2) areas situated in the southeasterly corner of Stone Oak II, specifically areas 7 and 44, a part within the Stone Oak II boundary, will not contribute flows to the proposed collection system of Stone Oak II. These two areas will contribute a peak flow of 0.220 MGD through what is referred to as Sewer Basin "B" that gravities through the Stone Oak I Development. The system currently being installed in Stone Oak I has been sized to collect these flows in future main extensions.

Summary:

The following table outlines the total sewer demand generated by the Stone Oak II Sanitary Sewer Collection System:

<u>Area</u>	<u>Sewer Demand</u>	<u>Acres</u>	
		<u>Unsewered</u>	<u>Sewered</u>
Stone Oak II (Panther Springs Basin)	+3.927 MGD	+372.78	+1303.94
Areas 11,12,19,28 and 29 (Stone Oak I to Stone Oak II Gravity)	+0.806 MGD	+ 45.47	+ 215.57
Areas 35,36,37 & 38 (Walter Classen Tract Panther Springs Basin)	+0.766 MGD	+ 54.74	+ 299.98
Areas 41,42, and 43 (Mud Creek Basin to Stone Oak II Lift Station)	-0.331 MGD	- 19.39	- 129.67
Areas 7 and 44 (Sewer Basin "B" to Stone Oak I - Line P-2)	-0.220 MGD	- 7.93	- 73.37
<b>TOTALS</b>	<u>4.948 MGD</u>	<u>463.82</u>	<u>1628.98</u>
San Antonio River Authority (Dam Site #5 - Unsewered)		351.44	
<b>TOTAL ACREAGE</b>			<b>2444.24</b>
