

2016 Winter San Antonio Building Codes Academy (SABCA)

INTRODUCTION

The San Antonio Building Codes Academy (SABCA) is hosting two separate seminars on the International Association of Electrical Inspectors (IAEI) Hazardous Locations. These seminars will be presented by a Subject Matter Expert from IAEI's Education, Codes and Standards section.

PURPOSE

The half-day course is worth 4 hours of continuing education credit (0.4 CEUs) for either the morning or afternoon session on February 4, 2016. The morning seminar will be offered from 8:00 a.m.-12:00 noon. The afternoon seminar is from 12:30-4:30 p.m.

This IAEI presentation covers the requirements for electrical installations in hazardous (classified) locations for special occupancies. It is primarily based on the provisions set forth in the National Electrical Code® NFPA 70 (2014 Edition). This material was developed in the interest of promoting greater understanding and increasing electrical safety for systems in hazardous (classified) locations. This seminar clearly explains in easily understood language the fundamentals and critical requirements found in the hazardous (classified) environment.

REGISTRATION

The deadline for a guaranteed reservation is 4:30 p.m. Friday, January 22, 2016. We will accept registrations up to the day of each event on a space-available basis, however we cannot guarantee a workbook for anyone registering after the deadline. Space is limited to the first 70 registrants for each session.

The registration fee is \$150 per course. On-line registration will begin January 7, 2016. An e-mail acknowledgement will be sent once payment is made through the on-line registration system, if you pay by credit card. If you need an invoice for your records, please request one at charlotte.barrett@sanantonio.gov.
