HELPFUL INFORMATION

The purpose of this guide is to provide renters, homeowners, landlords, and community organizations with information on the resources available in the city of San Antonio to address housing needs. The resources in this guide are organized by their usefulness in different kinds of scenarios that individuals and families may find themselves in, such as searching for a home to rent or struggling to pay their property taxes.

The guide was commissioned by District 5 City Councilwoman Shirley Gonzales and funded by the City of San Antonio Neighborhood and Housing Services Department. It supports the development of a coordinated housing system as recommended by the August 2018 Housing Policy Framework.

INCOME LIMITS

Many housing assistance programs are limited to households that earn below a certain annual income. Program income limit standards are calculated based on the Area Median Income (AMI), which is normally the median income for the San Antonio-New Braunfels Metropolitan Statistical Area. These income limits are calculated and published annually by the US Department of Housing and Urban Development (HUD). You can find current AMI on HUD's website: <https://www.huduser.gov/portal/datasets/il.html>
