Scenario Comparison: Participation of Senior Living Facilities Inspection Program with Multiple Senior Living Datasets (FY 2015 to FY 2018 Data), Registration Level 2.0

Scenario 1) Includes All Violations, No 3 Day Warning Period & Registration Level 2.0 (2 & 3 QV threshold)

Program Participation Scenarios in 4 Year Period (FY 2015-2018)	SAAA Dataset (28 locations)		AACOG Dataset (152 locations)		All Multi-Tenant Dataset (1,105 locations)	
	0-99 Unit Locations- (12)	100+ Unit Locations- (16)	0-99 Unit Locations- (70)	100+ Unit Locations- (82)	0-99 Unit Std.- (1,105)	100+ Unit Std.- (1,105)
No participation (0 yrs)	75%	69%	71%	54%	58%	70%
1 yr participating	8%	13%	16%	26%	18%	13%
2 or more yrs participating	17%	19%	13%	21%	25%	17%

Scenario 2) Excludes Violations Resolved within 3 Day Warning Period & Registration Level 2.0 (2 & 3 QV threshold)

Program Participation Scenarios in 4 Year Period (FY 2015-2018)	SAAA Dataset (28 locations)		AACOG Dataset (152 locations)		All Multi-Tenant Dataset (1,105 locations)	
	0-99 Unit Locations- (12)	100+ Unit Locations- (16)	0-99 Unit Locations- (70)	100+ Unit Locations- (82)	0-99 Unit Std.- (1,105)	100+ Unit Std.- (1,105)
No participation (0 yrs)	83%	69%	79%	61%	65%	75%
1 yr participating	8%	13%	10%	22%	16%	11%
2 or more yrs participating	8%	6%	11%	17%	20%	14%

Scenario 3) Excludes Violations Resolved within Standard Compliance Period of 14 Days & Registration Level 2.0 (2 & 3 QV threshold)

Program Participation Scenarios in 4 Year Period (FY 2015-2018)	SAAA Dataset (28 locations)		AACOG Dataset (152 locations)		All Multi-Tenant Dataset (1,105 locations)	
	0-99 Unit Locations- (12)	100+ Unit Locations- (16)	0-99 Unit Locations- (70)	100+ Unit Locations- (82)	0-99 Unit Std.- (1,105)	100+ Unit Std.- (1,105)
No participation (0 yrs)	92%	81%	86%	72%	71%	79%
1 yr participating	0%	6%	9%	22%	13%	10%
2 or more yrs participating	8%	13%	6%	6%	15%	11%

Registration Levels 2.0

	0 to 99 Units		100 or more Units	
	Tier 1	Tier 2	Tier 1	Tier 2
Registration Level 1	2	5	3	10
Registration Level 2	3	10	4	15
Registration Level 3	4	15	5	20

NOTE: SAAA Dataset includes locations identified by San Antonio Apartment Association (May 2019). AACOG Dataset includes locations identified by Alamo Area Council of Governments in 2017. The All Multi-Tenant Locations dataset did not include the number of units, so the two violation threshold standards (0-99 units & 100 or more units) were run for these properties. If the program did go into effect, the number of units would dictate which threshold standard is applied.

Scenario Comparison: Participation of Senior Living Facilities Inspection Program with Multiple Senior Living Datasets (FY 2015 to FY 2018 Data), Registration Level 3.0

Scenario 1) Includes All Violations, No 3 Day Warning Period & Registration Level 3.0 (3 & 4 QV threshold)
