**Subject:** [EXTERNAL] Digital San Antonio

Mr. Shannon,

First of all, thank you allowing us time at the meeting last week. We have one request when your team is finalizing the proposal. Our only digital location on 281 is blocked on the backside by several new CPS telephone/power poles and would not work for conversion. Please consider having staff craft language so we may be able to install the one digital on an alternate existing location. Clear channel also has a similar situation at the Pearl Plant.

again thank you for the consideration, al
