### Electrical Permit Fees – Residential (New Construction Only)

For electrical work associated with new residential construction, the electrical permit fees are based upon square footage and will be assessed on the parent building permit. These fees do not apply to electrical work associated with swimming pools and electrical work not associated with the initial residential building permit application. TMLs, TOPs, and Gas permits are based upon a flat fee as indicated below.

**For new residential, your electrical permit must be linked to the parent permit.**

Sq Ft	Electrical Permit Fees	Sq Ft	Electrical Permit Fees	Optional Fees	
0000-2500	\$100	4001-6000	\$125	TML Permit	\$57
2501-3500	\$110	6001-7000	\$150	TOPS Permit	\$54
3501-4000	\$120	7001-9000*	\$200	Gas Permit	\$64

\*For projects over 9000 sq ft., the fees are determined by combining smaller increments to equal the square footage.

### Electrical Permit Fees – Commercial and Existing Residential Construction

For commercial projects and electrical work done to existing residential construction, the fees are based upon inspection items as follows:

Category	Qty	Amt	Total	Category	Qty	Amt	Total
Electrical Inspection Fee		\$50.00		General purpose outlets/equipment devices less than 1 hp motor		.16

 By signing I understand the limitations to the permit listed above and possible requirement to remove work if non-complaint. Please Note: The City of San Antonio only enforces City, State and Federal zoning and development ordinances and statutes and does not enforce covenants and deed restrictions (CC&Rs). It is imperative and incumbent upon you the applicant to verify the existence of any CC&Rs that may be applicable to your project. See Information Bulletin 234 for additional information.”

## Electrical Permit Checklist

### New Meters

Y N	If you requested an additional service rating, are you installing an additional meter? If yes, does the zoning allow more than one meter?
Y N	Are you requesting a new electrical service because you are adding new tenants at the property? If yes, please ensure your new suites are properly addressed and building permits were obtained for the new construction.

### Reconnects/Temporary Electrical Service

Y N	Are you requesting to reconnect your utility service or requesting temporary electrical service. If yes, you must submit a notarized <a href="#">Application for Temporary Electrical Service</a> .
Y N	For commercial properties, do you have a current Certificate of Occupancy? If no, you will need to apply for a <a href="#">Certificate of Occupancy</a> .

### Photovoltaic Systems (PV/Solar) Permit

Y N	Are you installing a Photovoltaic System (PV/Solar)? If yes, plan review is required and a \$100 plan review fee will be assessed. Please <a href="#">Information Bulletin 153</a> for further details on requirements.
