Inspection Scheduler Training Guide

Introduction

Introducing the Development Services Inspection Scheduler. This web application offers contractors the flexibility to schedule online inspections at any time using various mobile devices, like the iPhone, iPad, Android phone and tablet. This feature also gives contractors access to schedule online inspections directly with the Hansen permit system and choose what appointment option works best for them.

After selecting an inspection appointment through the Inspection Scheduler, the contractor will receive a confirmation email that provides the appointment details, including the confirmation number, inspection date, permit, address and special instructions.

Objectives

- Locate Inspection Scheduler
- Log into Inspection Scheduler
- Find Permit/Address to schedule inspection
- Schedule an inspection
- Receive inspection confirmation

Section 1  Inspection Scheduler

The Inspection Scheduler can be accessed online in two locations: 1) Development Services home page and 2) Development Services Permits website.

On the Development Services Department website, the Inspection Scheduler can be found on the right side of the page under Online Services – Quick Links. The illustration below shows the menu bar on the right side of the home page.

Right Side Quick Links

Choose “Inspections” and you will be directed to the web page with the Inspection Scheduling options. If you are using the system for the first time, you will need to set up an account.

INSPECTIONS
If you select “Permits” from the Quick Links, you will be directed to the Development Services – Permits login page. You will find the **Inspection Scheduler** located in the header at the top of the page.

**Section 2  Log in to Inspection Scheduler**

To get started, you must have a **DynamicPortal** user name and password.

Select the **Inspection Scheduler** and ‘Log In’ with your DynamicPortal user name and password.

If you know the specific permit number you want to schedule an inspection for, enter the permit number at the same time as logging in. Once logged in, you will be directed to the specific permit details.
Note: If you are new to DynamicPortal or forgot your password, then go to the Development Services – Permits page and select ‘Forgot your password?’ or ‘Create a new login’.

If you forgot your password, then add your user name to the Forgot your Password? section and select ‘Get Password’.

Customers new to DynamicPortal will choose ‘Create a new login’ and then select ‘Create Account’.

Section 3 Find Permit/Address to Schedule Inspection

After logging in to Inspection Scheduler, the List of Applicants page comes up.
Note: If you prefer to ‘Search by Permit #’, you will be taken to that specific permit.

The List of Permits page will display after choosing the applicant name. This screen will show all open permits associated with the applicant/contractor selected.

The titles in the black bar – Permit, Type, and Address – can be sorted in ascending or descending order.

Select the Permit Number to take you to the List of Inspections page.
From this Permit #, you can see there are three different inspections on the List of Inspections screen. Choose the Inspection # you want scheduled. Note: the ‘Type’ section provides the kind of inspection associated with the Inspection #.

Section 4 Schedule an inspection

After selecting the inspection number/type ready for an inspection, you are directed to the Schedule Details page. This page provides the specifics of the inspection, including User, Applicant, Permit and Inspection Numbers, along with the description,
address, type of inspection to be scheduled, and reference number.

This screen also identifies three available dates you can choose from:

After choosing the inspection date, the selected day/date highlights in red in the ‘Available Dates’ section as shown below.
To complete the appointment, select ‘Schedule’.

**Section 5  Receive inspection confirmation**

Once the inspection has been scheduled, the **User Confirmation** page will populate with the inspection details, as shown below:

<table>
<thead>
<tr>
<th>Applicant/Email</th>
<th>Permit #</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inspection #</td>
<td>Confirmation #</td>
</tr>
<tr>
<td>Inspection Type</td>
<td>Inspection Date</td>
</tr>
<tr>
<td>Reference #</td>
<td>Address</td>
</tr>
</tbody>
</table>

**Note:** You will notice the #1 after the inspection type in the Inspection details section. The ‘1’ represents the number of inspections performed or scheduled. In this particular instance, this is the first inspection scheduled since there is a ‘1’ after the inspection type.
You will also receive an **Email Confirmation**, sent to the email associated with the applicant/contractor.

Section 6 Frequently Asked Questions

Q1 - How long can I use the Inspection Scheduler before it times out?  
   A. The Inspection Scheduler times out after 20 minutes.

Q2 – Can I use the back browser button?  
   A. No, the back browser button does not work; use the back arrow buttons located at the top and bottom of each section.

Q3 – What kind of mobile devices can I use to access Inspection Scheduler?  
   A. You can use the following mobile devices:
      • iPhone
      • iPad
      • Android phone and tablet
      • Windows mobile

Q4 – What happens if I enter the correct user name and password but enter the wrong permit number?  
   A. A message indicating Permit Number not found or invalid will display.

Q5 – Do I have to use the entire permit number to do a search by permit?  
   A. Yes, you must use the complete permit number.

Q6 – Can I do a search by Permit Number if I have the number?  
   A. Yes, you can search open permits when you first log in on the Inspection Scheduler home page by entering your User Name, Password and Permit #. You may also search for the Permit Number by entering it in the ‘Search by Permit #’ field on the List of Applicants page.

Q7 – What if I don’t know the permit number, can I search by address?  
   A. Yes, you can ‘Search by Address’ on the List of Permits page.

Q8 – On the List of Permits page, can I sort the Permit Numbers to help me find what I’m looking for faster?  
   A. Yes, you can sort the Permit, Type, and Address in ascending or descending order.

Q9 – What does ‘Reference’ mean on the Schedule Details page, in the ‘Description’ area?  
   A. Reference refers to the number of inspections scheduled for the associated permit. For example, if the permit needing an inspection has already had two previous inspections, the Reference would reflect ‘3’ since this would be the third inspection scheduled.
Q10 – In the email confirmation, in the Inspection detail section, I noticed a number after the Inspection type – what does that number mean?

A. The number listed after the inspection type reflects the number of inspections this property has had performed or scheduled. For example, Inspection 4972038 shown below shows inspection type ‘BUILDFOUND #1’ – the ‘1’ shows this is the first inspection scheduled. If there were a ‘3’ after the #, then this would mean the property has had two previous inspections, the third inspection has now been scheduled.

Example of Inspection Details:
‘Inspection 4972038 – BUILDFOUN #1 on permit 1724544 has been scheduled’

Q11 – How do I cancel an inspection after scheduling through Inspection Scheduler?

A. To cancel an inspection after it has been scheduled, contact the Development and Business Service Center at (210) 207-1111, prompt 0, during office hours of 7:45 a.m. to 4:30 p.m.
