

Exhibit A
Right of Entry

Southern Edwards Plateau Regional Habitat Conservation Plan
Participation Application No.: _____

_____ (the "Applicant") owns the property in _____ County, Texas more particularly described on Exhibit "A" attached to this Right of Entry (the "Property"). The Applicant has applied to Bexar County, Texas (the "County") and the City of San Antonio (the "City") for participation in the Southern Edwards Plateau Habitat Conservation Plan (the "SEP-HCP") with respect to certain proposed activities on the Property. Pursuant to the terms of the SEP-HCP, in order to evaluate the Applicant's application, the County and the City may be required to enter on the Property to perform assessments and surveys concerning the potential presence of SEP-HCP Covered Species and the extent of potential habitat of such species occurring on the Property. The Applicant hereby authorizes the County and the City and their respective contractors, employees, and agents to access and enter upon the Property, from time to time, as may be necessary or appropriate for performing the following tasks:

Species surveys; species habitat assessments; investigations and mapping of potential species habitat, including entrance into and exploration of caves; and species collection.

Applicant acknowledges that any data, information, and specimens gathered through such tasks may become matters of public record.

Pursuant to, and to the fullest extent required by, Chapter 201 of the Texas Natural Resources Code, Applicant hereby authorizes the County, the City, and their respective contractors, employees, and agents, to impact caves, whether known or unknown, where necessary to conduct the tasks described above.

Applicant may terminate this Right of Entry at any time by providing two (2) days prior written notice to the County and the City at the address provided in the SEP-HCP Participation Application. Termination of this Right of Entry, however, may prevent the County and the City from completing processing of the Participation Application.
