

General Information and Application Instructions

Property owners requesting a plan amendment and/or change in zoning for their property must complete and submit this application to the Zoning Section office. Planners in the Zoning Section will perform a completeness review to ensure the submitted application is complete and all additional required documents are provided. **Any inaccurate or incomplete information provided by the applicant or agent may cause the application to be returned to the applicant and/or delay the scheduled hearing dates.**

Additionally, we encourage applicants to submit applications in-person. **Applications submitted by mail or courier that subsequently are deemed incomplete, shall be returned to the applicant along with all accompanying payments, in accordance with the City of San Antonio's cash-handling policy.** Applications will not be accepted via fax or email.

We encourage ALL applicants to speak with a Planner in the Zoning Section prior to completing and submitting this application. Such conversations can aid the applicant in determining Comprehensive Plan information, the zoning required for a proposed use, associated fees, possible timelines and other additional requirements that may arise during the application process.

THE PLAN AMENDMENT and REZONING PROCESS

The plan amendment and rezoning processes takes approximately 2 months each, but can be completed concurrently. Cases that require additional review from other organizations or city departments can require additional processing time.

- All applications for property located within a neighborhood, community, perimeter or sector plan shall be reviewed by a Planner in the Zoning Section. If the proposed zoning request is inconsistent with the land use element of a plan, a Plan Amendment shall be required before the zoning case may be heard by City Council.
- All applications for property located within the Edwards Recharge Zone Overlay District (ERZD) shall be reviewed by [San Antonio Water Systems \(SAWS\)](#). Public hearings for cases within the ERZD will be scheduled once a Site Investigation Report is received from SAWS.
- All applications for property located within the Airport Awareness Zones (within 3 miles of the San Antonio International Airport or within 1.5 miles of the Stinson Municipal Airport) shall be reviewed by the [Aviation Department](#).
- All applications for property located within the Military Airport Overlay Zone (MAOZ) shall be reviewed by the Lackland Air Force Base (per I.B. 546).
- Consideration of applications for property located within a River Improvement Overlay District (RIO) must follow the guidelines and standards as adopted by the Historic and Design Review Commission, Planning Commission, River Commission, and Zoning Commission.
- All applications for property located within a Historic District, and all applications resulting in the demolition of a structure, shall be reviewed by the City's [Office of Historic Preservation](#).
- All applications for property within the Camp Bullis Awareness Zone (located within 5 miles of Camp Bullis) shall be reviewed by the City's Office of Military Affairs, Ft. Sam Houston and the military (per I.B. 518).
- Adopted land use designations and current zoning can be viewed on the City's [GIS Mapping Application](#).

Once an application is deemed complete and all fees have been paid, Zoning Section staff will assemble the plan amendment and rezoning cases. The case manager will visit the subject property to take pictures; post a "Rezoning" sign (for zoning cases only); and document surrounding land uses, neighborhood character, and existing infrastructure. Staff will utilize this information to develop a recommendation that will be presented at the public hearings. Plan amendment cases are heard by the Planning Commission; zoning cases are heard by the Zoning Commission. Both types of cases are then heard by City Council.

Upon final decision by the City Council, the applicant is responsible for removing "Rezoning" signs from the property. Ordinances will be posted online by the City Clerk and can be retrieved by accessing the City Council Agenda website at <http://agendas.sanantonio.gov>.

THE PLAN AMENDMENT and REZONING PROCESS

(continued)

For all zoning and plan amendment cases, the [State of Texas Local Government Code](#) requires 1) public advertisement of the hearing in a newspaper of general circulation, and 2) mailed notification of the zoning change request to all owners of property within 200 feet of the subject property. The City of San Antonio advertises and sends notification prior to the Zoning Commission and Planning Commission hearings, and again prior to the City Council hearing.

PLANNING COMMISSION and ZONING COMMISSION PUBLIC HEARINGS

The property owner, applicant, or authorized representative must be present at all public hearings to explain the purpose for the requested change, and to answer any questions from the Commissioners and City Council members. The public hearings also provide an opportunity for proponents and opponents of a request to voice their concerns and opinions on the proposed zoning or plan amendment change.

The Planning Commission and Zoning Commission hearings include presentation of the staff recommendations, explanation of the requested change by the property owner, applicant, or authorized representative, and public comments in support of and in opposition to the requested change. Then, the Commissioners vote to determine their recommendation, which will be presented to the City Council.

Planning Commission meets every 2nd and 4th Wednesdays of the month. The Planning Commission must make a recommendation on the plan amendment request before to the related zoning change request can be heard by the City Council.

Zoning Commission meets every 1st and 3rd Tuesdays of the month. The Zoning Commission must make a recommendation on the zoning change request, or have twice held a public hearing without rendering a recommendation prior to the request can be heard by City Council.

Language Translation Services

Language interpreters are available at the meeting. For more information, call (210) 207- 6044

CITY COUNCIL PUBLIC HEARING

[City Council](#) makes the final decision on all plan amendment and zoning change requests. The City Council hearing process is similar to that of the Commissions. City Council may approve or deny, in total or in part, the requested zoning change. If a change is approved, an ordinance is passed amending the Comprehensive Plan document and official zoning map. Ordinances become effective ten days after approval. If the requested zoning change is denied, no application for rezoning any portion of the subject property may be submitted for consideration within one year of City Council's denial. Notices received in support and opposition to the request submitted for Commission hearings will be maintained through the City Council public hearing process. In computing the percentage of land area within 200 feet, the area of streets and alleys shall be included (per LGC 211.006(e)).

City Council Time Limits

Plan amendments and their related zoning requests will be heard by the City Council at the same time, unless otherwise requested by the applicant. After the Commission public hearings, cases are not automatically scheduled for a City Council hearing. The case manager will contact the applicant to discuss and confirm a City Council hearing date. The Zoning Commission and Planning Commission recommendations must be presented to the City Council within 6 months of the Commissions' final consideration. If the cases is not scheduled for and heard by the City Council within 6 months of the Commissions' recommendation, the applications expire and all paid fees are forfeited.

POSTPONED CASES

An applicant may postpone a case by submitting a written request to Zoning Section staff prior to the scheduled Commission or City Council public hearing. When the applicant is ready to move forward with a postponed case, they must first pay the postponement fee. Once the fee has been paid, the case will be scheduled for the next available public hearing. If a postponed case is not reactivated within 6 months of the postponement request, the application expires and all paid fees are forfeited.

CONTINUED CASES

At any public hearing, the property owner, applicant, or authorized representative may request a continuance, which allows the case to be heard at a specified later date. An applicant's request for continuation may be approved or denied by the Planning Commission, Zoning Commission or City Council. If the continuance request is denied, the case will be heard as originally scheduled. Additionally, the Planning Commission, Zoning Commission and/or City Council may continue a case based on other factors. There is an additional fee for a continuance of a case beyond 60 days or after the 2nd continuance so that staff may send a courtesy notice.

APPLICATION WITHDRAWAL

An applicant may withdraw a plan amendment or zoning application at any time during the process, prior to the case being called forward for consideration at a public hearing. However, if an application is withdrawn, future applications may be subject to restrictions.

Applicants are encouraged to attempt to contact the Zoning Commissioner (Zoning Cases only) and City Council Representative for the applicable City Council District, as well as any registered [Neighborhood or Homeowner's Association](#) located within 200 feet of the zoning or plan amendment case subject property. Planners can provide contact information for registered associations.

*****Site plans shall include the minimum information as listed below. Site plans which do not indicate the following information will be considered incomplete and may delay the application process.*****

SITE PLAN REQUIREMENTS FOR FORM BASED ZONING SPECIALIZED DISTRICTS (FBZ SD), CONDITIONAL USES, and SPECIFIC USE AUTHORIZATIONS

Zoning change requests for “**FBZ SD**” **Form Based Zoning Specialized Districts**, a **Conditional Use**, or a **Specific Use Authorization** require the applicant to submit a site plan of the subject property and proposed development. All site plans shall be drawn to scale, using a scale that creates a legible final document. The site plan scale must be drawn numerically and a graphic scale must be provided. The applicant shall provide at least 3 versions of the site plan: 1) one full-size copy, 2) one 8-inch by 11.5-inch copy, and 3) one digital (PDF) copy.

 - a) Dimensions and square footage of all buildings and structures;
 - b) For nonresidential uses, multi-family dwellings, and any portion of a site located within the ERZD, the approximate location and area of impervious cover;
 - c) Square footage of all paved or otherwise hard surfaced streets, parking facilities, including curb and gutters, walks, loading areas, and asphalt or concrete aprons for solid waste containers, signs or outdoor mechanical equipment.

6. The intended use of the property to which the current and proposed improvements relate.
7. The following statement: “I, _____, the property owner, acknowledge that this site plan submitted for the purpose of rezoning this property is in accordance with all applicable provisions of the Unified Development Code. Additionally, I understand that City Council approval of a site plan in conjunction with a rezoning case does not relieve me from adherence to any/all City-adopted Codes at the time of plan submittal for building permits.”

It is recommended that applicants take steps such as meeting with Development Services Department Plan Review staff for preliminary review of projects requiring a site plan. For more information, please see the following sections of the [Unified Development Code](#): Section 35-343 "IDZ Infill Development Zone, Section 35-209 Form Based Development, Section 35-422 Conditional Zoning, and Section 35-423 Specific Use Authorization.

1. Legal description and exhibit of the property at appropriate scale showing the area to be zoned “IDZ”. It should also include Disclaimer Statement #7, under site plan requirements.
2. The location of all comprehensive land use categories (defined in Section 35-A101). Multi-Family uses shall include indication of gross density in units per acre.
3. The location of all streets and if applicable, ingress/egress facilities in accordance with Section 35-343(c)(1).
